To Whom It May Concern,

I, as a resident of Riverhills in Lake Wylie, S.C. wish to add my name in opposing any rise in the rates of The Carolina Water Service Inc. Almost all of us have to buy or use filters for the water, and we pay an excessive amount compared to other parts of the country. We have tried to object many times, but the company is in Chicago + doesnot respond or lower our rates.

Sincerely

Jill Abee C Edman
