1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

Proposed rate increase for Tega Cay water.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

As very few people have had minimal increases in their income (if any) over the last few years, I think it is almost criminal for Utilities Inc. to want a rate hike to protect their investors, because repairs are needed to the infrastructure. The investors knew when the utility was purchased that repairs would be needed, and Utilities Inc. should have set aside monies to protect their investors interests. If this was not done, it must be a very poorly run company, and should feel the wrath from the investors, after reduced profits, and they should not try to gouge their customers to rectify their ineptitude.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *
