1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I have lived in Tega Cay for over 30 years. Any rate increase by "Tega Cay Water Service" gets passed on to all "Tega Cay residents who are on either on the public (city owned) or the privately owned system. Both are distributors of water and sewer. Both need to make a profit on both distribution and capital improvements.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

The Tega Cay Water Service (and predecessors) seem to request to the Public Service Commission a request of a 20 to 40% increase in water/sewer rates every year or two. I was in sales for 39 year and a 2 to 5% increase per year in prices seemed reasonable. (Inflation Rate) This company and its predecessors have been the "poorest" stewarts of this water sewer system. The city buys water from a third party, and sewage goes thru another party. These requests for "double digit increases" are not warranted.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
