1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I have lived in the "historical" section of Tega-Cay for 18 years. I am another dissatisfied customer of TCWS.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Over the years I, as well as many of the residents in the "Historical" section of Tega-Cay have put up with poor water quality (At times you can even smell the water in my kitchen) Having had to install water filters throughout the house because of concerns over safety issues with the water quality, now TCWS wants to be rewarded with another increase to pay for their poor performance??? Visitors to my house visiting see my water bill and mistake it for an electrical bill they pay in their state! As a retired person living partially on disability monies, my wife and I have made great efforts to keep our spending at a minimal even in this tough economy! We pride ourselves on the fact that we are actually better off than most because of our frugile spending habits. Now TCWS want to hit us with another exhorbitant rate increase! This kind of puts a wet blanket on living in our otherwise wonderful city!!!!!!!!!!

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *
