Docket#2009-489-E

To whomb it concerns:

"No Cola", Right

Sticker shock: when your electric bill goes from $70.00 a month to $186.00 a month. That's "Sticker SHOCK". Living on SS and taking care of a 41 year old special need's daughter. Can't afford to keep the heat high enough to stay warm. Yes we have had a cold winter. Where are these, utility company's coming from? SCeaS arent the only ones ripping customer's off.
