To whom it concerns —

So you need more money!
Well, so do I. I am 82 years old -
I live on my retirement & Social Security -
I have not had a raise in 3 years &
oh, I do OK - but I worked hard
& long for what I receive to-day -
and I don't feel like giving it
away to you sooo you can have
things better in your department -
I can not believe you people!
do you have any idea the people who
can ~~barely~~ Barely pay their Electric bill -?
Probably not. Or care.
Why don't you put your mind on
keeping the trees trimed back so
I won't have to go through what I
did some years ago during the ice
storm -?
