Dear Sirs or Madams,

W(I) cannot attend the hearing meeting on Nov 27, so I am writing this letter at the urging of AARP.

My husband and I strongly object to the 7.3% rate hike proposed by SCE&G. That company already is some 30% - 40% higher in its rates than others in the state. Their shareholders shouldn't need a raise in profits of the proposed amount at the expense of non-shareholders

If there is a vote taken on November 27, then cast 2 against the hike for us.

Sincerely,

Sigrid H Hyman
