To: South Carolina Public Service Commission,

Let this letter serve as notice of my intention not to serve as a "party of record" in the matter of Duke Energy's rate increase request (docket no. 2013-59-E- Duke Energy of the Carolinas, LLC)

The complication and cost prevents the average person from subpoening parties and presenting the necessary factual evidence to effectively testify before the Commission.

~~With Humble~~

With Humble Respect
