To: Public Service Comm. of S.C.

Your name "implies" that you "serve" the public - of which I am a member - Please do us a service -

I wish to strongly object to the rate increase applied for by SCE&G. I can barely pay my light bill now! and all my family and neighbors are in the same predicament. 9.5% will be an outrageous increase! If they can get raises whenever they want, (and they've already been granted at least two during the last year or two -) then we should be able to choose our utility service! NO other company is as expensive as SCE&G! Is this because all the politicians own stock in this company?! I'm sure it is! - Please, NO Increase!!

Thank you,
Wilma J Bell
