To whom it may Concern,
I Princess McMillan is writing this
Letter because I need help and I was told
to write a letter to you guys. Well the
problem is I am a single mother of six,
I am on disability, (my disability is due
to a lot of childhood issues), I have tried to
work so that I can provide better for my
children, but between working, my children, and
dealing with just my issues along, I stop
working. I do apolize for getting strictly
to the point, I just want to let you guys
know a little about me (Princess). The
problem is like I was say years ago
I am a single mother of six I
am on disability I owed SCEG for
a old bill, SCEG told me that I had
a bill for $1,091.00 I had to $400.11 for
a bad check that was writing and a
$300.00 deposit to put the lights in my
name, so all together I paid $700.00, I
also told SCEG that if I paid
that much money that was going
to cut me short for my rent and
I was going to get evicted out
of the house I was living in,
SCEG did not care, (which I know
they do not half to) so that is
exactly what happen
so I took the last $800.00
that I had and found
another place for my
children, being that I had

just paid SCEG $700.00 I figure okay
I just need a transfer, when I
go to get a transfer SCEG tells me
that I can't get a transfer until my
balance of $1213.12 plus a $310.00 dollar
deposit. The lady that was handling
the account was Cindy Skipper.
I spoke with Mr. Brad at the
regulatory office and we discussed
a deffered payment plan, when
I got to SCEG Mrs. Skipper
and I talked about the deffered
payment plan and how it was going
to be done, when I paid the $700.00
the DPP was not done now I
have moved and I have been at
my new address for 2 wks now
with no light. I can't feed my
kids in the middle of summer,
I have $300.00 to my name and
I was going to pay SCEG but
they still will not work with
me. I want to pay then my
Children needs lights, but I do
not have the money so I am
writing you guys to see if
I can get a helping, I need
help like stated I would
love to pay SCEG but I just
do not have all of that
money, if we make
payment arrangements I can
do it.

I am out $700.00, got evicted found a new place but I cannot get light, and I have $300.00 that I am offering sceg and payment arrangments, I think that is reasonable for the sake of my Children. Mr or Mrs. Commissioner can I please get your help in this matter. Please! Thank You for your time and patience with reading my long letter.
