A Special Note...

11-3-2011

To whom it may Concern.

We are writing this note to protest Docket No. 2011-271 E in regards to Duke Energys raise on energy bill.

We are senior citizens and can not afford this raise in our bill. Just because Duke Energy does not have competition doesn't give them the right to raise our bills by 17%. We dont ever get one half of a raise in our SS. Thank you
