IN reference Docket No. 2009-489-E
I can barely afford to pay my bills now due to the rate increases they have already approved which adds up to be a extra thirty dollars a month . You should not be able to approve another one until the economy stabilizes to some degree this will hurt customers, who are struggling I know My family has had SCE&G since 2007 it has gone up. I was told that all I could do is getting on the budget billing thing. Some months this is still a hard bill to pay so I beg you please say no to any more rate increases .I thank you for your time in this matter.
Sincerely,
