Dear Sir:

I am in my late 80 and live on S.S. and Navy Retired Pay. What I want to know as well as other Elders my Age. Have to go Thru Paying So much for Electricity and Gas. We are Paying for WNA on gas and they can put any thing from 2¢ to 28¢ Per Therm now you are giving them a raise on Electricity and allowing a WNA WAY?

Dont you think we have enough to pay for food, clothing, rent, now you give them more Money. They sure are the Biggest Crooks in S.C. And there well come time to Vote! Please, Dont let the WNA go Through. We cant stand much more of this. They said WNA would last for a Year that was 5 or + years ago.
