Importance: High

Dear Ms. Wilson: First off, thanks again for all of your assistance in helping Santee Cooper getting squared away for its very first Allowable Ex Parte Briefing before the Public Service Commission. Speaking for the Santee Cooper team, we are looking forward to tomorrow and eager to introduce ourselves to the Commission.

During the Allowable Ex Parte Briefing, the Santee Cooper presenters intend to use the attached power point presentation as a guide and a resource. [NOTE: We are aware of our obligation to submit this document and other documents referenced during the briefing in compliance with the statutory rules at S.C. Code § 58-3-260(C)(6).]

Not being familiar with the overhead equipment available at the Commission's hearing room, is it possible that we might have this power point presentation loaded up to whatever equipment you might have? I am hesitant about showing up with a the power point presentation on a Thumb Drive, since many companies and agencies have policies that prohibit that.

Any guidance you might be able to provide here would be greatly appreciated.

Thanks.

Steve
