Docket No. 2017-370-E

Dear Ms. Boyd:

By letter dated December 6, 2018, the South Carolina Office of Regulatory Staff ("ORS") filed with the Public Service Commission of South Carolina ("Commission") a redacted version of the written deposition testimony of Ty Troutman and, in doing so, identified the designations of ORS and the designations of South Carolina Electric & Gas Company. ORS did not, however, provide the Commission with an unredacted version of Mr. Troutman's deposition. By not filing the unredacted pages of Mr. Troutman's deposition testimony, ORS did not provide the Commission with all of SCE&G's designations thereby leaving it to SCE&G to complete this task.

Enclosed for filing under seal is the confidential version of the written deposition testimony of Mr. Troutman. This unredacted version includes the portions

(Continued . . .)

of the transcript that Bechtel Power Corporation claims to be confidential and that were redacted in the public version filed by ORS yesterday. During the hearing in the above-referenced dockets, SCE&G informed the Commission that it did not object to Mr. Troutman's deposition testimony being placed into the record in its unredacted form; however, during a side-bar with the Hearing Officer, the parties agreed that this information would be designated as confidential and treated as such per Bechtel's request. Accordingly, the confidential version of Mr. Troutman's deposition testimony is being filed under seal with the Commission.

This confidential version of Mr. Troutman's deposition testimony also contains highlighting to indicate those portions of the transcript designated by ORS (in yellow) and SCE&G (in blue). If you have any questions, please do not hesitate to contact us.

Very truly yours,

K. Chad Burgess
