Attention:
Public Service commission
Docket # 2013-201 WS

First of all I would like to thank PSSC for their prompt attention when we have a problem in Shandon. But in the meantime we as residents of Shandon would like to protest this unreasonable rate increase.
Water is a necessity of life Most of us are senior citizens in Shandon and are very proud of our subdivision We feel that this requested increase is rediculous and unreasonable. As residents of Shandon we would like you to stand up for us and denie this rediculous rate increase.
If we ever had to sell our homes it would deter interested buyers hurting us even more.

Thanking you Kindly
Wade & Jewel Davis
