P.S I Live in a good Sense Home and my light Bill is out rageous.

3-30-10

To whom it may Concern:
my husband Died at 41yrs old with Cancer 4-27-02. I Live on a fixed income of 946.00 amonth. Thats my Social Security Dissability and a portion of his. my house payment is 500.00 amonth. I get 77.00 amonth in food Stamps. I'm having a very hard time trying to live and pay my bills. Don't forget food Stamps Don't pay for gas, taxes, medicine, Do Bills or anything else I have to use to keep myself or my house clean.
I've been in this house 18yrs And never seen a light bill like I've had these past 3 or 4 month's since I've been here.
I think the light Bill is high enough and if things don't get any better you all are going to force us out of our homes. Sincerely
