Subject: SCE+G Application for Increased Electric Rates

Dear Public Service Commission of South Carolina,

If SCE+G can prove honestly before the LORD and the Public Service Commission that an increase in its rates is necessary, then let them do it. If the increase is a result of someone's greed then let them not do it. I do not know if they (SCE+G) need to increase rates or not, but GOD does, so be careful.

I Timothy 2:1-6
Acts 4:12

Sincerely,
Gilmore Martin
