To: whom it may concern:

My name is Antoinette Whetstone and unemploy worker. I've lived in Columbia 6 years. I don't believe it's a good idea to increase or charge extra fees to the customers bill simply because it's unaffordable at this particular time. people are having a hard time now paying there bills. Maybe later in the future. But now is not a good time. The economy is not up to it's standards I believe it's going to be atleast 3 to 5 years before it does get better for the people, people are really struggling at this time. If anything it should decrease and charge no fees. because as a nation we are to live together. Have good Health. Clean water and definitely power. Like the power God intended us to have. I pray that things get better for our people real soon. We as a people need to help each other in times like this. Especially our Children and elders.

RECEIVED APR 06 2010 PSC SC MAIL / DMS

Thanks You Sincerly
Ms Antoinette Whetstone
