Ronald

Public Service Commission of S.C. 3/27/2010
Please Read this Concern From a 76 year old Retiree living on Social Security with No increase in Social Security in Some time and don't look for increase in the Future. I would ask Public Service Commission to Conside Certain deduction for the Senior citizens and the less forunate should a increase be approved.
At this time in our life and our future in this world is unknown is No time for increases only time for PRAYERS. I would Bet if SCE+G would ask for all employes to Take 2 weeks off without pay - a Riot may take place.
