Re: Docket # 2009-489-E 223274

Dear Sirs:

I am an elderly widow. Twice this past winter SCE&G has threatened to cut off my service when I could only pay half or more of my bill. I am catching up now due to warm weather.

How much are SCE&G exec paid? What is their profit margin? What is their stock paying? Why should it's captive customers pay for SCE&G expansion?

When SCE&G trimmed trees in my yard, they left a large limb hanging on my line. Many phone calls did not get them back to remove it. They did not. I finally had a tree company come to remove it. It took 3 men to do this. Since they have a monopoly they feel they do not have to treat their customers fairly.

You represent the people - do your job for the people.

Sincerely,

Barbara B. Trinkley
