RE: Docket Number
2015-54-E

256033

3-29-15

To Whom It May Concern,

I am writing to you so I can express my opinion about SCE&G petition to charge customer for devolepment of DER Plan.

I am on a fix income because I am disallbuty. SCE&G already increase my rate because of the nuceler perwer plant they are building.

I am wondering if SCE&G is getting government tax-break for the DER Plan.

Since I have to write this letter to express my opinion if the company (SCE&G) want me to pay for something that it is going to take until 2020 to finish & the cost is going to keep going up to run & up-keep they should find something cheater.

Like I have said, I am not so good in expression myself in writing letter

Gerhard E Shanks
