I hope you are looking out for the citizens of SC — and not greedy Carolina Water.

They are already over-charging all in Lake Wylie. Had I known about these crooks, I would not moved here — now I'm stuck! CW charges 3 x what others pay.

I am one person — 1 bath a day — dishwasher once a week, + 3 loads of clothes + my bill is over $100 — I hope you have examined their charges. HELP!

I'm old & retired!
