Dear Sir: or

To home is my concern.
I am writing to you in
regards to your planning to
increase the electric rates.
Do you not realize you have
people (including myself) that
is on a very limited
income, and cannot pay
for any thing else.

I hope you all who
is in charge will reconsider
this. I'm sure this will
letter will not be acknowledge
but I hope it will—

Mildred Gruber
