DOCKET NO. 2017-305-E

IN RE: Request of the Office of Regulatory Staff for Rate Relief to South Carolina Electric & Gas Company's Rates Pursuant to S.C. Code Ann. § 58-27-920

) ) ) ) ) ) )

) PETITION TO INTERVENE OF LYNN S. TEAGUE

) ) ) )

I, Lynn S. Teague, in my individual capacity as a South Carolina Electric & Gas Company ("SCE&G") ratepayer who is affected by the Request of the Office of Regulatory Staff for Rate Relief to South Carolina Electric & Gas Company's Rates Pursuant to S.C. Code Ann. § 58-27-920, hereby respectfully petition the Public Service Commission of South Carolina ("Commission") pursuant to Commission Regulation 103-825, and other applicable rules and regulations of the Commission, to intervene and be made a party of record in the above captioned proceeding.

In support of this Petition to Intervene, I would respectfully show:

1. I reside at 3728 Wilmot Ave., Columbia, SC, 29205, which is served by SCE&G.

3. The Petition requests that the Commission issue an order a.) suspending all revised rates collections from customers associated with construction of V. C. Summer Nuclear Units 2 and 3; and b) if the General Assembly takes action to amend or revoke the Base Load Review Act ("BLRA") or a court of competent jurisdiction declares the BLRA unconstitutional, that the
Commission require that SCE&G cease and desist from collecting revised rates; provide credits to future bills or refunds for prior revised rate collections, and all other actions as instructed by the General Assembly or a court of competent jurisdiction.

4. I am a residential customer of SCE&G and have a substantial and personal interest in the issues to be considered during this proceeding. Approximately eighteen percent of an SCE&G customer’s bill results directly from SCE&G’s construction of the Units. Therefore, revised rates assessed for the construction of the Units, which SCE&G abandoned and regarding which ORS filed the Petition, have substantially impacted me as a residential ratepayer of SCE&G. In this proceeding, the Commission will consider ORS’s request regarding those rates, and any resulting Commission decision has the potential to further impact me in my capacity as an SCE&G ratepayer. As a result, I have a substantial interest in ORS’s Petition and this proceeding, and I seek to protect my interests regarding the issues that will be addressed in this proceeding.

5. At this time, I lack sufficient information to fully develop and state my position in this proceeding, and I request that I be made a party in order to conduct full discovery and make a determination on my position.

Wherefore, I hereby respectfully petition the Commission that I be allowed to intervene in this docket, with full rights to participate as a party of record, including, but not limited to, the ability to engage in discovery and participate in all hearings by offering testimony and exhibits and cross examining witnesses. Petitioner requests the receipt of all notices, documents, exhibits, and data submitted by all parties and the Commission staff.

Respectfully submitted,

[Signature]
