THE OFFICE OF REGULATORY STAFF

DIRECT TESTIMONY

OF

DOUGLAS H. CARLISLE, JR.

OCTOBER 17, 2008

DOCKET NO 2008-196-E

Combined Application of South Carolina Electric and Gas Company for a Certificate of Environmental Compatibility and Public Convenience and Necessity and for a Base Load Review Order for the Construction and Operation of a Nuclear Facility in Jenkinsville, South Carolina
DIRECT TESTIMONY OF

DOUGLAS H. CARLISLE, JR.

FOR

THE OFFICE OF REGULATORY STAFF

DOCKET NO 2008-196-E

IN RE: COMBINED APPLICATION OF SOUTH CAROLINA ELECTRIC &

GAS COMPANY ("SCE&G") FOR A CERTIFICATE OF

ENVIRONMENTAL COMPATIBILITY AND PUBLIC CONVENIENCE

AND NECESSITY FOR A BASE LOAD REVIEW ORDER FOR THE

CONSTRUCTION AND OPERATION OF A NUCLEAR FACILITY AT

JENKINSVILLE, SOUTH CAROLINA

Q. PLEASE STATE YOUR NAME, BUSINESS ADDRESS AND

OCCUPATION.

A. My name is Douglas H. Carlisle, Jr. My business address is 1401 Main
Street, Suite 900; Columbia, South Carolina 29201. I am the economist at the
South Carolina Office of Regulatory Staff.

Q. PLEASE STATE YOUR EDUCATIONAL BACKGROUND AND

EXPERIENCE.

A. I received a Bachelor of Arts from Brown University, a Masters Degree in
Public Administration from the University of Virginia, and a Ph.D. in
Government and International Relations also from the University of Virginia.

After graduate school, I worked as an evaluator and evaluator-in-charge for over
seven years at the United States Government Accountability Office in Washington, D.C. Then I worked as a market consultant and instructor at Midlands Technical College in South Carolina. I began work for the State of South Carolina at the State Reorganization Commission, which functioned as an audit follow-up entity. I was next employed by the South Carolina House Education & Public Works Committee. Before joining ORS, I worked five years for the State Chief Economist as an analyst in the Economist Research Section and as an adjunct to the Board of Economist Advisors. I assumed my current position at ORS in March of 2005. I have previously testified before this Commission concerning rate of return.

Q. WHAT IS THE PURPOSE OF YOUR TESTIMONY IN THIS PROCEEDING?

A. My testimony addresses the capital structure of the South Carolina Electric & Gas Company ("SCE&G" or "the Company") and the conformance of the Company's Combined Application for a Base Load Review Order ("the Application") to the requirements regarding return on equity as provided by the Base Load Review Act ("the Act"), S.C. Code Ann. §58-33-210 et. seq. (Supp. 2007).

Q. HOW DID YOU DEVELOP THE COST OF CAPITAL FOR THIS PROCEEDING?

A. The cost of capital is the utility's weighted cost of debt and equity capital that incorporates the cost of equity or allowed return on equity and the current weighted average long term cost of debt. These costs are then applied to the
respective percentages of long term debt and equity capital dollars according to their ratios to total capital dollars. The weighted average cost of long term debt is developed by weighting the cost of all issues of long term debt outstanding, with this cost being expressed as an interest percentage. The cost of equity, however, is set in rate proceedings. SCE&G had its return on equity set at 11% by Order 2007-855 of the Public Service Commission of South Carolina on December 14, 2007. In its Application, the Company used that return on equity.

Q. DID ORS REQUEST AN UPDATE FROM THE COMPANY OF THE CAPITAL COMPONENTS AND COMPONENT COST?

A. Yes. The application, in Exhibit L, indicates a capital structure and cost of capital based upon a snapshot of December 31, 2007. The Company has provided the ORS Audit Department an update based upon the end of the second quarter of 2008. Exhibit DHC-1 shows the data provided. Based upon this updated information, ORS recommends the appropriate weighted average cost of capital at June 30, 2008 is 8.77% which should be utilized in this proceeding.

Q. DOES THIS CONCLUDE YOUR TESTIMONY?

A. Yes it does.
