Concise Statement of Facts/Complaint: * (This section must be completed. Attach additional information to this page if necessary.)

I am a captive of SCE@G. I can only obtain commercial power through them. They are a monopoly enabled as such by the state of SC. I have watched in astonishment as their rate increase have been approved and their stock price has soared. I find the rationale for prefunding of the nuclear facilities to be obtuse and counter to the use of debt, particularly in this rate environment. The project is way, way over budget, the technology is arguably outdated and is well behind their self established completion date. I may not live long enough to receive any promised benefits of this nuclear power source. Just say no.

Relief Requested: * (This section must be completed. Attach additional information to this page if necessary.)

Stop The Rate Increase. Folks
Cannot afford SCE@G
