This letter is regarding Duke Energy's request for a rate increase. My Objection is the fact they are considering a Mandatory Flat Fee of $28.00 attached to the bill of Elderly customers regarding of our usage. For years they sent out little notices telling us how "good" we were to keep our usage down. Even encouraging us to keep it down. Now they want to "Stab us in the back" for that very reason. It is bad enough for rates to go up on what we actually use now they want to add the Fee on our bill. A line on a fixed income. Anita W. Dobbins
