SC PUBLIC SERVICE COMMISSION

RE:
Request to Dismiss Application at this time

To whom it may concern:
This correspondence is to the S.C. PSC regarding the application for permit for household goods carrier: FIREMAN'S CARRY LLC.

My business partner has sustained a career-ending injury at the Charleston Fire Dept. and I am currently taking care of sick grandmother in New York. Our business has been shuttered and operations have ceased as of almost a year ago.

Please forgive my lateness in notification. All of these events happened very quickly.

We look forward to working with the PSC if circumstances permit in the future.

David B. Fleming

Former President. Firemans Carry LLC.
