Mr. Butler,

Further to the subject of scheduling, Dominion Energy would respectfully renew its earlier request for dates certain to present its witnesses of Thursday November 15 and, as necessary, Friday November 16. One of our witnesses, Mr. Chapman, has an international travel commitment beginning on the evening of November 15 so we would ask to reverse our earlier panel order and present witnesses Chapman, Purohit and Warren beginning on the morning of the 15th and they would be followed by the panel of witnesses Farrell and Blue, continuing to the 16th as needed.

Thank you for your consideration of this request.

Joe Reid
