Re: Docket No. 2011-271-E - Adjusting and Increasing Rates

Upon receiving the postcard, I looked over the various locations of public hearings on above subject. Due to severe and chronic health problems, I was unable to attend any of them.

I am now on the Equal Payment Plan and I'm concerned that any increase might affect me and other customers like me.

I first spoke with two very nice and helpful employees, a Mr. David Butler and then Ms. April Sharpe. But they did not know the answer. I started on the EPP plan again last September for the next eleven (11) months. So, I pray any rate increase will not affect me. I am a senior, retired and on a very fixed income.

Thank you,

Sincerely, Elizabeth A. Davis
