My Names is Belinda Jean Baker I have been a long time Customer of SCG. And I fine it very inconsiderate and thoughtless of SCEG for them to as for another rates increase. They are not thinking about how hard the economic is everything going up but the money. I am a disable person on a fix income One Check a month. I have been dealing with a high light Bill for a long time. My Bill have got over a $1,000.00 Dollar at one piont because I did not have all the money to pay the bill. And with that One Check a month paying Rent high light bill right now my bill is Two monthes behind and it is $422.96 along with my othey billes I don't have money ~~left~~ left over to buy food. Another thing SCNG is not thinking about the earlely and how hard they are making it for them. SCEG is one of larger Company they look like they should be trying to help us but they are hurting us with all these rates increase they are asking for. I can give you all my Addresses where I have line using there service you can go back and look at my account and the Charges that I had to pay for light bill and you can see for yourself how high my bill has been. I wish there were another Company that would come along to help us to low our

our light bill. Ever the Agency that help with light assistance are not doing like they should went you call and call and after you get though they tell you that they don't have any more appiontment ~~they~~ try back another time. It is very hard trying to pay all of this high high bill something really need to be done about SCEG. Let pray that God will help us with this problem. Here are just two of my old addresses to follow down. 4513 Wactor Street, 4360 Candelite Drive and the other 2 will pull up.

Thank You Kindly
