Reference: Docket No. 2009-489-E

Public Service Commissioners:

I am writing to protest the rate increase requested by South Carolina Electric and Gas. Since SCE&G already has rates higher than other power producers they should look to other methods of streamlining their operations. As homeowners, businesses and most Governments entities have to trim their budgets in order to remain viable, so should SCE&G. There are limits that consumers cannot go beyond. Please represent us wisely in this proceeding.
