Because you have choosen me to respond to the Commission at Duke Energy I am truly greatful. I am a Veterans widow and am now disabled due to degenerative arthritis in my Back & High Blood Pressure according to my Doctors I was born with these illnesses. I have three professional degrees and of no fault of my Own Cannot work at this time I would like to be able to make my Own money But I can't. I have to depend upon the Government for 2 Checks every month in Order to survive. It was difficult enough to pay bills before the Duke Energy Increase now it is more difficult I have to ask Agencies & Churches to help me pay my Bills.

I would like to ask Duke --- over

Energy not to increase our bill anymore, and quite possibly lower the rates they have in place now, and or give us some kind of annual rebate to help to supplement the cost. It's too high. We need your help now for those of us who are struggling to pay bills each month. Would you consider our request. I have spoken to several people in my situation who feel the same way that I do. Thank you for reading and responding to my letter. Concerned Citizen Widow Mother professional and homemaker

Very truly yours.

Mrs. Sheila Ann McGovern Sarpley
