1. Please provide a copy of all anticipated or planned rate increase requests for electric rates, for all reasons apart from fuel adjustment costs, by SCE&G through 2020.

2. Please provide an updated copy of projected rate increase requests anticipated or programmed to be filed under the Baseload Review Act though 2020. (This would essentially be an updated version of Exhibit M, Chart B — “Retail Rate Impact projections” - from the initial SCE&G filing for a Baseload Review request of May 30, 2008, docket 2008-196-E.)

3. Please provide a copy of planned or anticipated requests to reduce rates through 2020, apart from fuel adjustment costs.

4. Please provide information or documents summarizing the size, in dollars, of SCE&G’s current rate base for electricity generation.

5. Please provide information or documents giving SCE&G’s estimate of the size of the rate base at each anticipated or programmed rate increase request, apart from fuel adjustment costs, through 2020, starting with the rate increase request in the next rate increase docket opened by the Commission on April 29, 2010 (Docket 2010-157-E).
