RE: Docket No. 2017-207-E

Dear Ms. Boyd:

AARP South Carolina, an organization representing over 600,000 individuals in the Palmetto state supports the decision of the South Carolina Public Service Commission to hold a hearing on the complaint made by Friends of the Earth and the Sierra Club regarding the V.C. Summer construction project.

AARP South Carolina appreciates all efforts that provide transparency and consumer engagement in this project. While we do not have a position on abandonment of this project, we renew our request to the PSC to honor and adhere to the fall 2016 fixed price agreement. The citizens of South Carolina need and deserve transparency and consumer protections in this process.

Sincerely,

Coretta D. Bedsole
Associate State Director – Advocacy
