THIRD STIPULATION ON CERTAIN MATTERS

This Stipulation ("Stipulation") is made by and between the South Carolina Office of Regulatory Staff ("ORS"), Frank Knapp, Jr., Pamela Greenlaw, Wal-Mart Stores East LP, Sam’s East, Inc., The Women’s Shelter, the Federal Executive Agencies, South Carolina Energy Users Committee ("SCEUC") and South Carolina Electric & Gas Company ("SCE&G" or "the Company") (collectively referred to as the "Parties" or sometimes individually as "Party").

WHEREAS, the Parties have varying positions regarding the issues in this case;

WHEREAS, ORS, Frank Knapp, Jr., Pamela Greenlaw, and SCE&G entered into a Stipulation on Certain Matters dated May 3, 2010, a copy of which is attached hereto as Attachment No. 1 and incorporated herein by reference ("Stipulation No. 1");

WHEREAS, ORS, Frank Knapp, Jr., and SCE&G entered into a Stipulation on Certain Matters dated May 11, 2010, a copy of which is attached hereto as Attachment No. 2 and incorporated herein by reference ("Stipulation No. 2");

WHEREAS, the Parties have continued discussions to determine if an additional stipulation on certain matters would be in their best interests and in the case of ORS, in the public interest; and
WHEREAS, following those discussions, the Parties have determined that their interests, and ORS has determined that the public interest, would be best served by stipulating to certain matters pending in the above-captioned case under the terms and conditions set forth below:

1) The Parties agree to place into the record before the Public Service Commission of South Carolina ("the Commission") this Stipulation No. 3 as well as Stipulation No. 1 and Stipulation No. 2, both of which are incorporated herein by reference and identified as Attachment No. 1 and Attachment No. 2, respectively.

2) The Parties to Stipulation No. 3 agree to the terms put forth in Stipulations No. 1 and No. 2.

3) The Parties further agree that as a result of Stipulation No. 3 no contested issues remain in Docket No. 2009-489-E.

4) The Parties agree to stipulate into the record before the Commission the pre-filed testimony and exhibits of the following witnesses without objection, change, amendment or cross-examination with the exception of changes comparable to those that would be presented via an errata sheet or through a witness noting a correction consistent with this Settlement Agreement.

SCF&G witnesses:

1. Kevin B. Marsh
2. Stephen A. Byrne
3. Jimmy E. Addison (direct and rebuttal)
4. Robert B. Hevert (direct and rebuttal)
5. Julie M. Cannell
6. John J. Spanos
7. James E. Swan, IV (direct and rebuttal)
8. Tami S. Haseldon
10. John R. Hendrix

ORS witnesses:

1. A. Randy Watts
2. Sharon G. Scott
5) In Stipulation No. 1, SCE&G agreed to issue a one-time credit of approximately $25 million to its customers through a decrement rider which will remain in place for the duration of the pilot Weather Normalization Adjustment mechanism or until all credits have been exhausted. The Parties to this Stipulation agree that if Stipulation No. 1 is approved, the $25 million credit will be allocated to the residential and small general service classes as shown in Attachment 3.

6) In Stipulation No. 2, SCE&G agreed to flow the deferred Economic Impact Zone Investment Tax Credit balance to retail ratepayers via a decrement rider which will remain in place for two years or until the credits are exhausted. This amounts to a $24,362,500 per year or a total of $48,725,000. The Parties to this Stipulation have agreed that the amount to be credited to all retail classes of SCE&G’s customers will be allocated across the Company’s customer rate classes on a kilowatt-hour (“kWh”) basis in the amount of $0.00114/kWh as described in the pre-filed direct testimony of ORS witness Watts.
7) The Parties agree that Stipulation No. 1 and Stipulation No. 2 result in an initial increase in annual revenues from base rates in the amount of $51.9 million, which reflects the application of the credits referenced in Paragraphs 5 and 6 above, and that the $51.9 million is subject to the future expiration of those credits. Unless otherwise provided for herein, the Parties agree that the revenue increase stated above will be allocated among the customer classes as set forth in Attachment No. 3 hereto. A copy of the schedules of the Company’s electric rates and charges reflecting the revenue increase set forth above are attached hereto as Attachment No. 4.

8) Further, as part of this Stipulation, with the exception of those increases sought pursuant to S.C. Code Ann. § 58-27-865 and § 58-33-280 (1976, as amended) or as part of SCE&G’s Demand Side Management (“DSM”) Rate Rider and Portfolio of Energy Efficiency (“EE”) Programs, SCE&G shall not seek an increase in its retail base rates and charges to be effective prior to June 2012, except for those approved under Sections 58-27-865 and 58-33-280 or as part of SCE&G’s DSM/EE programs, and except where necessary due to unforeseen economic or financial conditions.

9) The Parties agree that signing this Stipulation (a) will not constrain, inhibit, impair, or prejudice their arguments or positions on remaining matters in this docket or held in future or collateral proceedings, (b) will not constitute a precedent or evidence of acceptable practice in future proceedings, and (c) will not limit the relief, rates, recovery or rates of return that any Party may seek or advocate in any future proceeding. If the Commission declines to approve this Stipulation in its entirety, then any Party desiring to do so may withdraw from the Stipulation without penalty or obligation.

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
Docket No. 2009-489-E
May 3, 2010

IN RE: Application of South Carolina Electric & Gas Company for Adjustments and Increases in the Company’s Electric Rate Schedules and Tariffs

STIPULATION ON CERTAIN MATTERS

This Stipulation ("Stipulation") is made by and between the South Carolina Office of Regulatory Staff ("ORS") and South Carolina Electric & Gas Company ("SCE&G" or "the Company") (collectively referred to as the "Parties" or sometimes individually as "Party").

WHEREAS, ORS and SCE&G have varying positions regarding the issues in this case;

WHEREAS, ORS and SCE&G have engaged in discussions to determine if a stipulation on certain issues would be in their best interests and in the case of ORS, in the public interest;

WHEREAS, in those discussions, the Parties agreed to a 10.7% return on common equity, a pilot weather normalization adjustment ("WNA") mechanism described more fully below, and a one-time credit of $25 million to SCE&G’s retail electric customers; and

WHEREAS, following those discussions, SCE&G has determined that its interests, and ORS has determined that the public interest, would be best served by stipulating to certain issues pending in the above-captioned case under the terms and conditions set forth below:

1) The Parties agree to place into the record before the Commission this Stipulation.
2) The Parties stipulate and agree that in recognition of the Company’s current cost of equity capital, a return on common equity (“ROE”) of 10.7% should be the allowed ROE for SCE&G.

3) In addition, ORS agrees that SCE&G may implement a pilot WNA mechanism for a twelve-month period to mitigate fluctuations in customers’ monthly bills. Under the WNA, certain residential and small general service customers’ energy rates may be adjusted downward or upward monthly to reflect normal weather conditions. Normal weather conditions are defined as the average temperature over the most recent fifteen years for which data is available, and SCE&G will use the historical temperature record for the Columbia and Charleston airports to calculate normal weather conditions for each location. The Parties agree that the WNA, if approved, will apply only to residential and commercial customers receiving electric service under rate schedules 1, 6, 8 and 9 as these rates contain over 91% of test year kilowatt hour sales in those classes and are the most weather sensitive on SCE&G’s system. The Parties agree to propose that the WNA begin with the first billing cycle in the first month in which the Company can implement it following issuance of an Order in this docket and no later than the first billing cycle for October 2010. If approved, the Company will give notice to customers through a bill insert to advise its customers of the WNA and its operation. In addition, so long as the pilot program is in operation, SCE&G will file a monthly report to the Commission, with a copy to be provided to ORS, which shows the current month and cumulative effect of the WNA. At the conclusion of the twelve-month WNA period, the Company will also file a comprehensive report with the Commission, with a copy to be provided to ORS, showing the aggregate impact and conclusions for the future of the program. The Company will maintain its books and records in sufficient detail to enable the Commission and ORS to determine the revenue impact of the WNA mechanism by rate schedule. After the comprehensive report is filed, either Party may
petition the Commission to modify or terminate the WNA. The WNA shall remain in effect until
the Commission acts on either or both of these petitions.

4) In consideration for the terms stated herein, SCE&G estimates that a program of
this nature would have saved customers approximately $22.5 million in the first quarter of 2010
and accordingly has offered to apply a one-time credit of approximately $25 million dollars
($25,000,000). If the pilot WNA program is approved, then the credit will be applied via a
decrement rider which will remain in place for the same duration as the WNA twelve-month
period or until all credits have been exhausted. The decrement rider automatically terminates
when the credits are exhausted. The Parties acknowledge there is a possibility that more than
$25 million may be credited to customers. If the customers are over-credited, then the difference
between the actual credit and the $25 million will be placed in a deferred account with carrying
charges at the 3-year U.S. Government Treasury Notes, as reported by the Wall Street Journal,
either in its print edition or on its website, plus an all-in spread of 65 basis points (0.65
percentage points) to be recovered in a future general rate case proceeding.

5) The Parties agree that the application of the credit to the electric bills of SCE&G’s
customers is contingent upon the Commission’s approval of the pilot WNA program and a return
on equity of 10.7%; without Commission approval of the pilot WNA program and the 10.7%
return on equity, no basis in fact exists for the proposed one-time credit, and therefore no credit
will be made.

6) The Parties agree that signing this Stipulation (a) will not constrain, inhibit,
impair, or prejudice their arguments or positions on remaining matters in this docket or held in
future or collateral proceedings, (b) will not constitute a precedent or evidence of acceptable
practice in future proceedings, and (c) will not limit the relief, rates, recovery or rates of return
that any Party may seek or advocate in any future proceeding. If the Commission declines to
approve the Stipulation in its entirety, then any Party desiring to do so may withdraw from the
Stipulation without penalty or obligation.

THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
Docket No. 2009-489-E
May 14, 2010
IN RE: Application of South Carolina Electric & Gas Company for Adjustments and Increases in the Company's Electric Rate Schedules and Tariffs
SECOND STIPULATION ON CERTAIN MATTERS

This Stipulation ("Stipulation") is made by and between the South Carolina Office of Regulatory Staff ("ORS"), Frank Knapp, Jr., and South Carolina Electric & Gas Company ("SCE&G" or "the Company") (collectively referred to as the "Parties" or sometimes individually as "Party").

WHEREAS, ORS, Frank Knapp, Jr., and SCE&G have varying positions regarding the issues in this case;

WHEREAS, ORS and SCE&G entered into a Stipulation on Certain Matters dated May 3, 2010, in which the Parties agreed to a 10.7% return on common equity, a pilot weather normalization adjustment mechanism, and a one-time credit of $25 million to SCE&G’s retail electric customers;

WHEREAS, on May 3, 2010, ORS pre-filed the direct testimony of A. Randy Watts, Sharon G. Scott, M. Anthony James, Daniel F. Sullivan, and Leigh C. Ford ("ORS Witnesses") with the Public Service Commission of South Carolina ("Commission"), which set forth ORS’s findings and recommendations resulting from ORS’s examination of SCE&G’s application filed in this docket;
WHEREAS, SCE&G has reviewed the pre-filed direct testimony of the ORS Witnesses;

WHEREAS, ORS and SCE&G have continued discussions to determine if a stipulation on certain matters would be in their best interests and in the case of ORS, in the public interest; and

WHEREAS, following those discussions, SCE&G and Frank Knapp, Jr. have determined that their interests, and ORS has determined that the public interest, would be best served by stipulating to certain matters pending in the above-captioned case under the terms and conditions set forth below:

1) The Parties agree to place into the record before the Commission this Stipulation.

2) Except as otherwise agreed to herein, SCE&G agrees, solely for the purposes of this case and no future cases, with the ORS Accounting and Pro Forma Adjustments set forth in the pre-filed direct testimony of the ORS Witnesses. As such, SCE&G agrees to stipulate to testimony regarding the ORS Accounting and Pro Forma Adjustments set forth in Audit Exhibit SGS-2 pages 1 through 5 in the column labeled “ORS Retail Electric” and described in the pre-filed direct testimony of the ORS Witnesses without objection, change, amendment or cross-examination with the exception of changes comparable to those which would be presented via an errata sheet or through a witness noting a correction. Where ORS has indicated that there is no adjustment, the Parties agree that no adjustment shall be made; additionally, neither Party will propose nor advocate adoption of adjustments in addition to, instead of, or inconsistent with the accounting and pro forma adjustments set forth in Audit Exhibit SGS-2. All Parties reserve the right to conduct redirect examination of its witnesses as necessary in order to respond to issues raised by the examination of its witnesses, if any, by non-Parties to this Stipulation or by any other person, or to any late-filed testimony.
3) By agreeing to the ORS Accounting and Pro Forma Adjustments in this docket, SCE&G is not waiving, but specifically reserves, its right to object to any proposed removal of such costs from utility expenses in future proceedings.

4) SCE&G further agrees with ORS’s recommendation to flow the deferred Economic Impact Zone Investment Tax Credit balance to retail ratepayers via a decrement rider which will remain in place for two years or until the credits are exhausted. This amounts to $24,362,500 per year or a total of $48,725,000. The Parties acknowledge there is a possibility that more or less than $48,725,000 may be credited to customers. If the customers are over-credited or under-credited, then the difference between the actual credit and $48,725,000 will be placed in a deferred account with interest at the 3-year U.S. Government Treasury Notes, as reported by the Wall Street Journal, either in its print edition or on its website, plus an all-in spread of 65 basis points (0.65 percentage points) not to exceed 6% to be recovered or returned in a future general rate case proceeding.

5) The Parties further agree that SCE&G should be authorized to continue to withdraw the policy premiums for the storm damage insurance for SCE&G’s transmission and distribution system from the Storm Damage Reserve Fund. SCE&G will review any changes in premiums for storm damage insurance with ORS on an annual basis. For the purposes of calculating working cash and rate base in this proceeding the parties agree to assume a one-time charge to the storm damage reserve in the amount of $407,000 which will not otherwise be reflected on the books of SCE&G.

6) The Parties agree that collection of the Storm Damage Reserve Rider shall be suspended subject to future reinstatement by the Commission. The Parties agree that in future proceedings SCE&G may present evidence indicating that the annual average cost of SCE&G’s storm expense may equal or exceed the expected damage assessment contained in the Hurricane and Ice Storm Loss and Reserve Solvency Analysis presented to the Commission in 2007.
7) The Parties further agree with ORS’s proposal to use the eight-year period of major maintenance costs from 2010 through 2017 as the appropriate cycle over which to calculate the adjustment for the major maintenance accrual. The Parties agree that interest on the major maintenance account should be based upon the 3-Year U.S. Government Treasury Notes, as reported by the Wall Street Journal, either in its print edition or on its website, plus an all-in spread of 65 basis points (0.65 percentage points).

8) The Parties agree that the adjustment sought by SCE&G in its tree trimming test year expense shall not be made in this proceeding and further acknowledge that SCE&G may present evidence in future proceedings indicating that the cost of maintaining a five-year tree trimming cycle may exceed the amount reflected in current rates.

9) SCE&G agrees that Rate 21A shall remain open and available.

10) The Parties agree that signing this Stipulation (a) will not constrain, inhibit, impair, or prejudice their arguments or positions on remaining matters in this docket or held in future or collateral proceedings, (b) will not constitute a precedent or evidence of acceptable practice in future proceedings, (c) will not limit the relief, rates, recovery or rates of return that any Party may seek or advocate in any future proceeding, and (d) that all stipulations as to any fact, argument or position contained in the direct testimony of ORS’ Witnesses shall apply only for purposes of this proceeding and not any other. If the Commission declines to approve the Stipulation in its entirety, then any Party desiring to do so may withdraw from the Stipulation without penalty or obligation.

SOUTH CAROLINA ELECTRIC & GAS COMPANY

RATE 1

RESIDENTIAL SERVICE
GOOD CENTS RATE

AVAILABILITY

Effective January 15, 1996 this schedule is closed and not available to any new structure.

This rate is available to customers who meet the Company's Good Cents requirements and use the Company's standard service which is specified as a single point of delivery per premises from an existing overhead distribution system to individually metered private residence and individually metered dwelling units in apartment structures or other multi-family residential structures. It is not available for resale service nor shall service be supplied to dwelling units having a total of more than ten rooms, five or more of which are rented or offered for rent to any person or persons not a member, or members, of the immediate family of the owner or lessor of the dwelling units.

A dwelling unit is defined as a room or group of rooms having, in addition to living quarters, kitchen facilities for the sole use of the family or individual occupying such dwelling unit.

CERTIFICATION REQUIREMENTS

Prior to construction, the customer or prospective customer must contact the Company to ascertain the requirements of the Good Cents Program and to arrange for on-site inspections for compliance.

The dwelling unit must be certified by the Company to meet or exceed the Company's Good Cents Program requirements in force at the time of application in order to qualify for service under this rate schedule.

CHARACTER OF SERVICE

Alternating Current, 60 hertz, single phase, 120 volts, 2 wire or 120/240 volts 3 wire.

MINIMUM CHARGE

The monthly minimum charge shall be the basic facilities charge as stated above.

RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel costs of $.03606 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.

SPECIAL PROVISIONS

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when customer pays the difference in costs between non-standard service and standard service or pays the Company its normal monthly facility charge based on such difference in costs.

TERM OF CONTRACT

Contracts shall be written for a period of not less than one (1) year. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.

Effective Upon Approval of the Public Service Commission of South Carolina
# SOUTH CAROLINA ELECTRIC & GAS COMPANY

## ELECTRICITY

### RATE 2

#### LOW USE RESIDENTIAL SERVICE

**AVAILABILITY**

This rate is available to customers that meet the special conditions listed below, and are served by the Company’s standard service which is specified as a single point of delivery per premises from an existing overhead distribution system to individually metered private residences and individually metered dwelling units in apartment structures or other multi-family residential structures. It is not available for resale service nor shall service be supplied to dwelling units having a total of more than ten rooms, five or more of which are rented or offered for rent to any person or persons not a member, or members, of the immediate family of the owner or lessor of the dwelling units.

A dwelling unit is defined as a room or group of rooms having, in addition to living quarters, kitchen facilities for the sole use of the family or individual occupying such dwelling unit.

#### SPECIAL CONDITIONS OF SERVICE

1) This rate schedule is available to those accounts where the consumption has not exceeded 400 kWh for each of the twelve billing months preceding the billing month service is to be initially billed under this rate schedule. The customer must have occupied the dwelling unit for the entire time necessary to determine eligibility under this rate schedule.

2) Consumption during a billing period of more than 30 days, used to determine eligibility under this rate schedule, shall be adjusted to a 30 day billing period by application of a fraction, the numerator of which shall be 30 and the denominator of which shall be the actual number of days in the billing period.

3) The second billing month within a twelve billing month period that consumption under this rate schedule exceeds 400 kWh will terminate eligibility under this rate schedule.

4) Service will be billed under the previous rate schedule the next twelve billing periods before the customer will again be eligible for the Low Use Rate.

#### CHARACTER OF SERVICE

Alternating Current, 60 hertz, single phase, 120 volts, 2 wire or 120/240 volts 3 wire.

<table>
<thead>
<tr>

**MINIMUM CHARGE**

The monthly minimum charge shall be the basic facilities charge as stated above.

#### RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

**ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS**

Fuel costs of $.03606 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

**STORM DAMAGE COMPONENT**

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

**SALES AND FRANCHISE TAX**

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

**PAYMENT TERMS**

All bills are net and payable when rendered.

**SPECIAL PROVISIONS**

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

**TERM OF CONTRACT**

Contracts shall be written for a period of not less than one (1) year. A separate contract shall be written for each meter at each location.

**GENERAL TERMS AND CONDITIONS**

The Company’s General Terms and Conditions are incorporated by reference and are a part of this rate schedule.

Effective Upon Approval of the Public Service Commission of South Carolina
**RAME 3**

**MUNICIPAL POWER SERVICE**

**AVAILABILITY**

This rate is available to municipal customers using the Company's standard service which is specified as a single point of delivery per premises from an existing overhead distribution system. This includes all municipally owned and operated facilities for power purposes including, but not restricted to public buildings and pumping stations. It is not available for resale or standby service.

**CHARACTER OF SERVICE**

Alternating Current, 60 hertz. Voltage and phase at the option of the Company.

**RATE PER MONTH**

<tbody>
<tr>
<td>Basic Facilities Charge:</td>
<td>$17.50</td>
</tr>
<tr>
<td>Plus Energy Charge:</td>
<td>$0.00499 per kWh</td>
</tr>
</tbody>
</table>

**MINIMUM CHARGE**

The monthly minimum charge shall be the basic facilities charge as stated above, provided however, when construction costs exceed four (4) times the estimated annual revenue excluding fuel revenue to be derived by the Company, the customer may make a contribution in aid of construction of the excess cost or pay the Company's standard facility rate on the excess construction cost in addition to the rate charges above.

**RIDERS**

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

**ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS**

Fuel costs of $.03612 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

**STORM DAMAGE COMPONENT**

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

**SALES AND FRANCHISE TAX**

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

**PAYMENT TERMS**

All bills are net and payable when rendered.

**SPECIAL PROVISIONS**

Service shall not be supplied under this rate for establishments of a commercial nature, nor to operations primarily non-municipal. Under no conditions will the Company allow the service to be resold to or shared with others.

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

**TERM OF CONTRACT**

Contracts shall be written for a period of not less than ten (10) years.

**GENERAL TERMS AND CONDITIONS**

The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.

---

Effective Upon Approval of the Public Service Commission of South Carolina
**AVAILABILITY**

This rate is available on a voluntary basis to customers using the Company's standard service which is specified as a single point of delivery per premises from an existing overhead distribution system to individually metered private residences and individually metered dwelling units in apartment structures or other multi-family residential structures. It is not available for resale service nor shall service be supplied to dwelling units having a total of more than ten rooms, five or more of which are rented or offered for rent to any person or persons not a member, or members, of the immediate family of the owner or lessee of the dwelling units.

A dwelling unit is defined as a room or group of rooms having, in addition to living quarters, kitchen facilities for the sole use of the family or individual occupying such dwelling unit.

**STORM DAMAGE COMPONENT**

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

**SALES AND FRANCHISE TAX**

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

**PAYMENT TERMS**

All bills are net and payable when rendered.
SPECIAL PROVISIONS
The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

The Company shall have the right to install and operate special metering equipment to measure customer's loads or any part thereof and to obtain any other data necessary to determine the customer's load characteristics.

The Company's levelized payment plans are not available to customers served under this rate schedule.

TERM OF CONTRACT
Contracts shall be written for a period of not less than one (1) year. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS
The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.
This rate is available to customers using the Company's standard service which is specified as a single point of delivery per premises from an existing overhead distribution system to individually metered private residences and individually metered dwelling units in apartment structures or other multi-family residential structures. It is not available for resale service nor shall service be supplied to dwelling units having a total of more than ten rooms, five or more of which are rented or offered for rent to any person or persons not a member, or members, of the immediate family of the owner or lessor of the dwelling units.

A dwelling unit is defined as a room or group of rooms having, in addition to living quarters, kitchen facilities for the sole use of the family or individual occupying such dwelling unit.

The builder or homeowner must provide the following:

1) For new homes only - Proof that home meets the Council of American Building Officials Model Energy Code.
2) Receipts showing the purchase and installation of a new AC unit that meets the requirements as shown below.
3) A certificate issued by an installer showing a wall total cavity R value of 15 (R-15).
4) Certification from builder stating that requirements have been met.

The Company may perform an on-site audit to verify that customer meets availability requirements as stated herein.

**THERMAL AND AIR CONDITIONING REQUIREMENTS FOR ENERGY CONSERVATION**

The following requirements are predicated on the Council of American Building Officials Model Energy Code and subject to change with a change in the Council of American Building Officials Model Energy Code. Sufficient application of thermal control products and specified air conditioning requirements must be met to satisfy the minimum standards outlined below:

**Ceilings:**
- Ceilings of newly constructed homes shall be insulated with a total "as installed" thermal resistance (R) value of 30 (R-30).
- Ceilings of manufactured housing shall be insulated with a thermal resistance (R) value of 30 (R-30).
- Ceilings of existing housing shall be insulated with a total "as installed" thermal resistance (R) value of 38 (R-38).

**Lighting:**
- Recessed ceiling lights shall be sealed.

**Walls:**
- Walls exposed to the full temperature differential (TD), or unconditioned areas, shall have a total cavity R value of 15 (R-15).
- *This is not a requirement for existing housing.*

**Floors:**
- Floors over crawl space or crawl space walls shall have insulation installed having a total R value of 19 (R-19).
- 100% of the exposed earth in a crawl space shall be covered with a vapor barrier of no less than (4) mils.

**Windows:**
- Windows shall be insulated (double) glass or have storm windows.

**Doors:**
- Doors exposed to full TD areas must be weather-stripped on all sides and of solid construction.

**Ducts:**
- Air ducts located outside of conditioned space must have: 1) all joints properly fastened and sealed, and, 2) the duct shall have a minimum installed insulation R-value of 6.0. All joints in ductwork outside of the conditioned space must be permanently sealed with the application of duct sealant. Transverse joints, take-offs, transitions, supply/return connections to the air handler, boot connections to the floor/ceiling/wall, and framed-in and panned passages must be made airtight with duct sealant.

**Attic Vent:**
- Attic ventilation must be a minimum of one square foot of net free area for each 150 square feet attic floor area.

**Water Heaters:**
- Electric water heaters must have insulation surrounding the tank with minimum total R value of 8 (R-8).

**Air Condition:**
- All air conditioners must have a SEER rating of 1.0 SEER higher than the rating shown in the Council of American Building Officials Model Energy Code or any federal or state mandated energy codes, whichever is higher.

**Other:**
- Chimney flues and fireplaces must have tight fitting dampers.
- *Insulation thermal resistance values are shown for insulation only, framing corrections will not be considered.*

The "as installed" thermal resistance (R) value for all loose fill or blowing type insulation materials must be verifiable either by installed density using multiple weighted samples, the manufacturer's certification methods, Federal Trade Commission's procedures or other methods specified by local governing agencies.

<tr>
<td>Over 3,000 kWh @</td>
<td>$ 0.11841 per kWh</td>
<td>$ 0.10289 per kWh</td>
</tr>
</tbody>
</table>

MINIMUM CHARGE

The monthly minimum charge shall be the basic facilities charge and demand charge as stated above, provided however, when construction costs exceed four (4) times the estimated annual revenue excluding fuel revenue to be derived by the Company, the customer may make a contribution in aid of construction of the excess cost or pay the Company's standard facility rate on the excess construction cost in addition to the rate charges above.

RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel costs of $.03612 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

POWER FACTOR

If the power factor of the Customer's installation falls below 85%, the Company may adjust the billing to a basis of 85% power factor.

TEMPORARY SERVICE

Temporary service for construction and other purposes will be supplied under this rate in accordance with the Company's Terms and Conditions covering such service.

PAYMENT TERMS

All bills are net and payable when rendered.
SPECIAL PROVISIONS

This rate is available for residential service where more than one dwelling unit is supplied through a single meter, provided service to such dwelling unit was established prior to July 1, 1980.

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

UNMETERED SERVICE PROVISION

When customer's usage can be determined and in the sole opinion of the Company, installation of metering equipment is impractical or uneconomical, monthly Kwhrs. may be estimated by the Company and billed at the above rate per month, except that the basic facilities charge shall be $6.00.

TERM OF CONTRACT

Contracts for installation of a permanent nature shall be written for a period of not less than one (1) year. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.
RATE 10

SMALL CONSTRUCTION SERVICE

AVAILABILITY
This rate is available as a temporary service for builders using the Company's standard service which is specified as a single point of delivery per premises from an existing overhead distribution system for general lighting and/or power purposes during construction. It is not available for resale or standby service.

CHARACTER OF SERVICE
Alternating Current, 60 hertz, single phase, two or three wire at Company's standard secondary service voltages of 240 volts or less.

Rate per Month

MINIMUM CHARGE
The monthly minimum charge shall be the basic facilities charge as stated above.

RIDERS
The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS
Fuel costs of $.03612 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT
Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX
To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS
All bills are net and payable when rendered.

SPECIAL PROVISIONS
If providing temporary service requires the Company to install transformers and other facilities which must be removed when temporary service is no longer required, then the customer may be required to pay the cost of installing and removing the Company's temporary facilities.

TERM OF CONTRACT
Contracts shall be written for a period of time commencing with establishment of service and ending when construction is suitable for occupancy or one year, which is less. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS
The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.
This rate is available to customers using the Company's standard service which is specified as a single point of delivery per premises from an existing overhead distribution system. It is not available for resale. This schedule is available for service furnished for the operation of electric motor driven pumps and equipment supplying water for the irrigation of farmlands and plant nurseries, and irrigation to provide adequate moisture for vegetative cover to control erosion and provide runoff. The pumping units served hereunder shall be used solely for the purpose of irrigation.

All motors of more than 5 H.P. shall be approved by the Company. The Company reserves the right to deny service to any motor which will be detrimental to the service of other customers. Upon request, customer may pay all cost associated with upgrading the system to the point at which starting the customer's motor will not degrade the service to the other customers.

CHARACTER OF SERVICE

Alternating Current, 60 hertz. Voltage and phase at the option of the Company.

RATE PER MONTH

I. Summer Months of June-September

A. Basic Facilities Charge: $21.15

B. Energy Charge:
   All on-peak kWh @ $0.020953 per kWh
   All shoulder kWh @ $0.12029 per kWh
   All off-peak kWh @ $0.06888 per kWh

II. Winter Months of October-May

A. Basic Facilities Charge: $21.15

B. Energy Charge:
   All kWh @ $0.06888 per kWh

MINIMUM CHARGE

The monthly minimum charge shall be the basic facilities charge as stated above, except when the revenue produced by the customer does not sufficiently support the investment required to serve the load. The Company will determine in each case the amount and form of payment required to correct the revenue deficiency.

DETERMINATION OF ON-PEAK SHOULDER, AND OFF-PEAK HOURS

A. On-Peak Hours:
   Summer Months of June-September:
   The on-peak summer hours are defined as the hours between 2:00 p.m.-6:00 p.m., Monday-Friday, excluding holidays.*

B. Shoulder Hours:
   Summer Months of June-September:
   The shoulder summer hours are defined as the hours between 10:00 a.m.-2:00 p.m. and 6:00 p.m.-10:00 p.m., Monday-Friday, excluding holidays.*

C. Off-Peak Hours:
   The off-peak hours in any month are defined as all hours not specified as on-peak or shoulder hours.

*Radios are Independence Day and Labor Day.

RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel costs of $.03612 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.
SPECIAL PROVISIONS

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

The Company shall have the right to install and operate special metering equipment to measure customer's loads or any part thereof and obtain any other data necessary to determine the customer's load characteristics.

TERM OF CONTRACT

Contracts for installations shall be written for a period of not less than ten (10) years. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.
RATE 12  

**AVAILABILITY**

This rate is available to customers using the Company's standard service which is specified as a single point of delivery per premises from an existing overhead distribution system for general light and/or power service to churches. It is not available for resale or standby service. It is only available to recognized churches.

**CHARACTER OF SERVICE**

Alternating Current, 60 hertz. Voltage and phase at the option of the Company.

**RATE PER MONTH**

SPECIAL PROVISIONS

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

TERM OF CONTRACT

The contract terms will depend on the conditions of service. No contract shall be written for a period of not less than five (5) years. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.
AVAILABILITY

Available to Small Power Producers and co-generators that are a Quality Facility as defined by the Federal Energy Regulatory Commission (FERC) Order No. 70 under Docket No. RM 79-54. This schedule is not available to Qualifying Facilities with a power production capacity greater than 100 KW.

SUPPLEMENTARY SERVICE

Supplementary service is defined herein as power supplied by the Company to a Qualifying Facility in addition to that which the Qualifying Facility generates itself. Supplementary service will be provided by the Company under a retail electric service schedule which the customer will establish in conjunction with the implementation of this Supplementary and Standby Service rate.

SUPPLEMENTARY SERVICE

1) Standby service under this schedule is defined herein as power supplied by the Company to a Qualifying Facility to replace energy ordinarily generated by a Qualifying Facility during a scheduled or unscheduled outage.

2) Standby service is available to customers establishing a firm demand which is billed under a retail electric service schedule of the Company. If no firm demand is established by the customer for the purpose of taking Supplementary power, then Standby service will be provided as Supplementary service and billed on the applicable retail electric service schedule.

3) Standby service is defined for each 15-minute interval as the minimum of: (1) the Standby contracted demand, and, (2) the difference between the measured load and the contracted firm demand, except that such difference shall not be less than zero.

4) Supplementary Service is defined as all power supplied by the Company not defined herein as Standby Service.

5) The Standby contract demand shall be limited to the power production capacity of the Qualifying Facility.

STANDBY SERVICE POWER RATE PER MONTH

| Basic Facilities Charge | $ 170.00 |
| Demand Charge per KW of Contract Demand | $ 4.65 |

Energy Charge:

| On-Peak kWh @ | $ 0.06046 per kWh |
| Off-Peak kWh @ | $ 0.04462 per kWh |

DETERMINATION OF ON-PEAK AND OFF-PEAK HOURS

A. On-Peak Hours:
   On-peak hours are defined to be 10:00 a.m. - 10:00 p.m. for the months of June-September, excluding weekends.

B. Off-Peak Hours:
   All hours not defined as on-peak hours are considered to be off-peak.

POWER FACTOR

The customer must maintain a power factor of as near unity as practicable. If the power factor of the customer's installation falls below 85%, the Company shall adjust the billing demand to a basis of 85% power factor.

LIMITING PROVISION

The Standby Service power rate will be available for 1325 annual hours of consumption beginning in May and ending in April, or for a prorated share thereof for customers who begin to receive service in months other than May. Accounts on this rate are subject to the following condition: Standby service will be available for a maximum of 120 On-Peak Hours.

If this account exceeds: (1) 1325 hours of Standby service annually, or (2) 120 on-peak hours of Standby service, the account will be billed on the rate normally applied to customer's Supplementary service load for the current billing month and the subsequent eleven months.

RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel costs of $.03611 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

Effective Upon Approval of the Public Service Commission of South Carolina
SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.

SPECIAL PROVISIONS

The customer is responsible for all costs associated with interconnection to the Company's system for the purpose of obtaining Supplementary or Standby power.

TERM OF CONTRACT

Contracts shall be written for a period of not less than three (3) years.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and a part of this rate schedule.
SOUTH CAROLINA ELECTRIC & GAS COMPANY

RATE 16

AVAILABILITY

This rate is available to any non-residential customer using the Company's standard service which is specified as a single point of delivery per premises from an existing overhead distribution system for power and light requirements and having an on-peak demand of less than 1,000 KW. The second billing month within a twelve billing month period that on-peak demand exceeds 1,000 KW will terminate eligibility under this rate schedule. It is not available for resale service.

CHARACTER OF SERVICE

Alternating Current, 60 hertz. Voltage and phase at the option of the Company.

RATE PER MONTH

I. Basic Facilities Charge: $ 21.15

II. Energy Charge:

A. On-Peak kWh
   1. Months of June-September $ 0.20953 per kWh
   2. Months of October-May $ 0.16110 per kWh

B. Off-Peak kWh
   First 1,000 off-peak kWh $ 0.08132 per kWh
   Excess over 1,000 off-peak kWh $ 0.08561 per kWh

DETERMINATION OF ON-PEAK HOURS

A. On-Peak Hours:
   June-September:
   The on-peak summer hours are defined as the hours between 1:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.*
   October-May:
   The on-peak non-summer hours are defined as those hours between 6:00 a.m.-10:00 a.m. and 6:00 p.m.-10:00 p.m.
   Monday-Friday, excluding holidays.*

B. Off-Peak Hours:
   The off-peak hours in any month are defined as all hours not specified as on-peak hours.

MINIMUM CHARGE

The monthly minimum charge shall be the basic facilities charge as stated above, provided however, when construction costs exceed four (4) times the estimated annual revenue excluding fuel revenue to be derived by the Company, the customer may make a contribution in aid of construction cost in addition to the rate charges above.

RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel costs of $0.03612 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.
SALES AND FRANCHISE TAX
To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

POWER FACTOR
If the power factor of the customer's installation falls below 85%, the Company may adjust the billing to a basis of 85% power factor.

PAYMENT TERMS
All bills are net and payable when rendered.

SPECIAL PROVISIONS
The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

TERM OF CONTRACT
The contract terms will depend on the conditions of service. Contracts for installations of a permanent nature shall be written for a period of not less than one (1) year. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS
The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.
### Availability

Effective Upon Approval of the Public Service Commission of South Carolina.
RESIDENTIAL SUBDIVISION CUSTOMER CHARGE

*The lights described above may be installed in new or existing residential subdivisions at the ratio of one light for either every four (4) or six (6) metered residences. An administrative charge of $2.50 will be added to each fixture billed under this provision. Each monthly bill rendered will include an amount for the installed lighting. Such amount will be determined by adding the appropriate charges above for the installed luminaries, pole, and administrative charge and dividing such charge by either four (4) or six (6). This provision is applicable only if no other lighting option is available for the residential subdivision. This provision is not available for lighting parking lots, shopping centers, other public or commercial areas nor the streets of an incorporated municipality.

REPLACEMENT OF EXISTING SYSTEMS

In the event that the customer desires to replace an existing lighting system owned and operated by the company, the customer shall be required to pay to the Company an amount equal to the provision for early contract termination listed below.

PROVISION FOR EARLY CONTRACT TERMINATION

In the event that the customer terminates the contract prior to the end of the contract term, the customer shall pay as the termination charge the appropriate charges above excluding fuel for the remainder of the contract term; plus the sum of original cost of the installed equipment, less accumulated depreciation through the effective termination date, plus removal and disposal costs, plus environmental remediation costs less any applicable salvage values, the total of which shall in no case be less than zero.

MINIMUM CHARGE

When construction costs exceed four (4) times the estimated annual revenue excluding fuel revenue to be derived by the Company, the customer may make a contribution in aid of construction of the excess cost or pay the Company's standard facility rate on the excess construction cost in addition to the rate charges above.

RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel costs of $.03610 per kWh are included in the monthly lamp charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.

TERM OF CONTRACT

Contracts under this rate shall be written for a period of not less than ten (10) years. The Company reserves the right to remove its facilities when subject to vandalism or for other cogent reasons.

SPECIAL PROVISIONS

The Company will furnish, erect, operate and maintain all necessary equipment in accordance with its standard specifications. Standard service for post top decorative lamps requiring underground wiring shall include one hundred twenty five feet of service conductor, all necessary trenching and back-filling in normal, unimproved soil. Non-standard equipment or installation in extraordinary conditions such as, but not limited to, landscaped areas, paved areas, or extremely rocky or wet soil will require the customer to pay the difference in cost between such non-standard equipment and/or extraordinary conditions and the standard service installed under normal conditions or pay to the Company its normal monthly facility charge based on such difference in costs.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule. Service hereunder is subject to Rules and Regulations for Electric Service of the Public Service Commission of South Carolina.

Effective Upon Approval of the Public Service Commission of South Carolina
AVAILABILITY

This rate is available at the Company's discretion, to a maximum of 10 business entities using the Company's standard electric service. Each business entity shall be comprised of at least 2 non-contiguous premises having a total combined contract demand of at least 1,000 KVA, in addition, each premises shall have a minimum contract demand of 50 KVA. A business entity is defined as a single corporation, partnership, or individual owner. This rate is not available for individual franchise units of a business, or for subsidiaries operating as a separate corporation or partnership. The individual premises which comprise the business entity should possess similar characteristics and/or load patterns common to the industry in which the entity does business. This schedule is not available to entities which form an association or similar organization solely in an attempt to qualify for service under this rate. The Company reserves the right to make a final determination on what constitutes a business entity as well as the premises making up that entity. This rate is not available for residential customers or resale service.

Service under this rate schedule is dependent on the Company procuring and installing necessary metering equipment and may not be available to premises where multiple delivery points on contiguous properties are not currently combined under contract.

CHARACTER OF SERVICE

Alternating Current, 60 hertz, three phase metering at the delivery voltage which shall be standard to the Company's operation.

RATE PER MONTH

I. The Diversity Charge will be computed utilizing actual data or modeled using available sample data from similar entities. Once actual data is available for a twelve month period, the Diversity Charge will be reviewed and may be adjusted. The Diversity charge will not be less than zero. The Diversity Charge will be computed according to the following formula:

\[
\text{Diversity Charge} = \frac{AC1 - AC2}{12}
\]

Where \(AC1 = \text{Annual Cost Under Current Rate(s)}\)

\(AC2 = \text{Annual Cost Projected Under Concurrent Rate}\)

II. Basic Facilities Charge:

\$ 170.00 per Premises

III. Demand Charge:

A. Concurrent On-Peak Billing Demand

1. Summer Months of June-September @ $ 20.20 per KVA
2. Non-Summer Months of October-May @ $ 13.41 per KVA

B. Concurrent Off-Peak Billing Demand

1. All Off-Peak Billing Demand @ $ 3.76 per KVA

IV. Energy Charge:

A. On-Peak kWh

1. Summer Months of June-September @ $ 0.08762 per kWh
2. Non-Summer Months of October-May @ $ 0.06046 per kWh

B. Off-Peak kWh

1. All Off-Peak @ $ 0.04462 per kWh

BILLING DEMAND

The concurrent billing demand for the entity will be the maximum integrated 15 minute concurrent demand which may be on a rolling time interval for all the premises' metering points during the calendar month.

For the summer months, the concurrent on-peak billing demand shall be the maximum integrated fifteen minute concurrent demand measured during the on-peak hours of the current month.

For the non-summer months, the concurrent on-peak billing demand will be the greater of: (1) the maximum integrated fifteen minute concurrent demand measured during the on-peak hours of the current month, or (2) eighty percent (80%) of the maximum integrated concurrent demand occurring during the on-peak hours of the preceding months.

The concurrent off-peak billing demand shall be the greatest of the following positive differences: (1) the maximum integrated fifteen minute concurrent demand measured during the off-peak hours minus the on-peak billing demand, (2) the contract demand minus the on-peak billing demand, or (3) 50 KVA per premises minus the on-peak billing demand.

Effective Upon Approval of the Public Service Commission of South Carolina
Determination of On-Peak and Off Peak Hours

A. On-Peak Hours During Summer Months:
   June–September:
   The on-peak summer hours are defined as the hours between 1:00 p.m.–9:00 p.m., Monday–Friday, excluding holidays.*

B. On-Peak Hours During Non-Summer Months:
   May and October:
   The on-peak non-summer hours are defined as the hours between 1:00 p.m.–9:00 p.m., Monday–Friday, excluding holidays.*
   November–April:
   The peak non-summer hours are defined as the hours between 8:00 a.m.–12:00 noon and 5:00 p.m.–9:00 p.m., Monday–Friday, excluding holidays.*

C. Off-Peak Hours:
   The off-peak hours in any month are defined as all hours not specified above as on-peak hours.

Addition or Removal of a Premises

An additional premises may be added subsequent to the initial five (5) year contract without an increase in the diversity charge if the entity extends the existing concurrent contract so that the term extends five (5) years after the addition of the new premises. A premises existing at the time that the entity initially elects to take service under this rate schedule may be added without an extension in the concurrent contract term; however, there will be an increase in the diversity charge as each pre-existing premises is added. If an entity wants to terminate service to a premises under this rate schedule and the same time does not add another premises which includes an extension of the contract term, the Company will determine the appropriate termination charge. Alternatively, if the entity adds an additional premises and prefers not to extend the contract term, the diversity charge will increase accordingly and the entity agrees to reimburse the Company for the total cost of connection to the Company’s system if service to the new premises is terminated within five (5) years of the service date.

Riders

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

Adjustment for Fuel and Variable Environmental Costs

Fuel costs of $.03611 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

Storm Damage Component

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

Billing and Payment Terms

Bills will be calculated on a monthly basis. Each premises will receive an individual information bill and the entity will receive a combined bill summarizing all of the premises. All payments, as well as any credit and collection activities, will be at the entity level. All bills are net and payable when rendered.

Sales and Franchise Tax

For each premises served under this rate, any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body, will be added to the monthly bill.

Metering

Service under this rate will be provided only after the Company procures and installs at each premises metering which has interval data capabilities to allow for the aggregation of demand for each 15 minute interval in the billing period. Each entity may be required to contribute to the cost of metering installed by the Company to qualify for service under this rate. In addition, the entity must provide a dedicated phone line at each metering point.

Term of Contract

The contract terms will depend on the conditions of service above. No contract shall be written for a period of less than five (5) years. A master contract shall be written to include all premises amended as premises are added or deleted.

Special Provisions

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

General Terms and Conditions

The Company’s General Terms and Conditions are incorporated by reference and are a part of this rate schedule.
# RATE 20

## MEDIUM GENERAL SERVICE

### AVAILABILITY

This rate is available to any non-residential customer using the Company's standard service for power and light requirements and having a contract demand of 75 KVA or over. It is not available for resale service.

### CHARACTER OF SERVICE

Alternating Current, 60 hertz, three phase, metering at the delivery voltage which shall be standard to the Company's operation.

### RATE PER MONTH

<table>

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

### PAYMENT TERMS

All bills are net and payable when rendered.

### SPECIAL PROVISIONS

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

### TERM OF CONTRACT

The contract terms will depend on the conditions of service. No contract shall be written for a period of less than five (5) years. A separate contract shall be written for each meter.

### GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and a part of this rate schedule.

---

Effective Upon Approval of the Public Service Commission of South Carolina
This rider is available to customers served under Rate Schedules 20 and 23 for thermal storage during billing months June through September. Service under this rider shall be available at customer’s request and with Company Certification of customer’s installed thermal storage system. The qualifying thermal storage unit must be capable of removing at least thirty percent (30%) of the customer’s actual or expected load during the on-peak hours. The provisions of Rate Schedules 20 and 23 are modified only as shown herein.

**DETERMINATION OF ON-PEAK AND OFF-PEAK HOURS**

A. On-Peak Hours:
   - The on-peak hours during June through September are defined as the hours between 1:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.*

B. Off-Peak Hours:
   - The off-peak hours in any month are defined as all hours not specified as on-peak hours.
   - *Holidays are: Independence Day and Labor Day.

**BILLING DEMAND DETERMINATION**

Billing Months June Through September
- The on-peak billing demand (to the nearest whole number) shall be the greatest of the following and shall be billed on the Applicable Rate Demand charge:
  1. The maximum, integrated fifteen minute demand measured (which may be on a rolling time interval) during the hours of 1:00 p.m. to 9:00 p.m., Monday-Friday;
  2. 90% of the demand registered during these hours for the previous June through September billing period, if service was supplied under this rider.
  3. The contract demand.
  4. Applicable Rate Minimum.

Billing Months October Through May
- The billing demand (to the nearest whole number) shall be the greatest of the following and shall be billed on the Applicable Rate Demand charge:
  1. The maximum, integrated fifteen minute demand measured (which may be on a rolling time interval).
  2. 60% of the highest demand occurring during the preceding October through May billing period.
  3. The contract demand.
  4. Applicable Rate Minimum.

**EXCESS BILLING DEMAND**

Billing Months June Through September
- The excess billing demand shall be the positive difference between the maximum integrated fifteen minute demand measured during off-peak hours minus the on-peak billing demand.

### RATES PER MONTH

## Billing Demand

The billing demands will be rounded to the nearest whole KVA. The maximum integrated fifteen minute demand for any period may be recorded on a rolling time interval.

For the summer months, the on-peak billing demand shall be the maximum integrated fifteen minute demand measured during the on-peak hours of the current month.

For the non-summer months, the on-peak billing demand will be the greater of: (1) the maximum integrated fifteen minute demand measured during the on-peak hours of the current month, or (2) eighty percent (80%) of the maximum integrated demand occurring during the on-peak hours of the preceding summer months.

The off-peak billing demand shall be the greatest of the following positive differences: (1) the maximum integrated fifteen minute demand measured during the off-peak hours minus the on-peak billing demand, (2) the contract demand minus the on-peak billing demand or (3) 50 KVA minus the on-peak billing demand.

## Determination of On-Peak and Off-Peak Hours

### A. On-Peak Hours During Summer Months:

June-September:

The on-peak summer hours are defined as the hours between 1:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.*

### B. On-Peak Hours During Non-Summer Months:

May and October:

The on-peak non-summer hours are defined as the hours between 1:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.*

November-April:

The on-peak non-summer hours are defined as these hours between 6:00 a.m.-12:00 noon and 5:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.*

### C. Off-Peak Hours:

The off-peak hours in any month are defined as all hours not specified as on-peak hours.

Effective Upon Approval of the Public Service Commission of South Carolina
RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel costs of $.03611 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.

SPECIAL PROVISIONS

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

TERM OF CONTRACT

The contract terms will depend on the conditions of service. No contract shall be written for a period less than five (5) years. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and a part of this rate schedule.
SOUTH CAROLINA ELECTRIC & GAS COMPANY

RATE 21A

EXPERIMENTAL PROGRAM - GENERAL SERVICE
TIME-OF-USE-DEMAND

(PAGE 1 OF 2)

AVAILABILITY

This rate is available on a voluntary "first come, first serve" basis to the first 250 Rate 20 customer accounts and any Rate 21 customer account that qualify under the provisions of the stipulation approved by the South Carolina Public Service Commission in Docket #2002-223-E order No. 2003-38 dated January 31, 2003. This rate will be closed after the initial participant group is established, except there will be 25 additional customer accounts that will be allowed to participate on a "first come first serve" basis for new facilities constructed by customers in the initial participant group and as provided for in the stipulation as referenced above. The stipulation referenced above shall provide guidance as to any issue regarding availability on this rate. It is not available for resale service.

CHARACTER OF SERVICE

Alternating current, 60 hertz, three phase, metering at the delivery voltage which shall be standard to the Company's operation.

RATE PER MONTH

I. Basic Facilities Charge: $170.00

II. Demand Charge:

A. On-Peak Billing Demand:

1. Summer Months of June-September @ $ 19.39 per KVA
2. Non-Summer Months of October-May @ $11.98 per KVA

B. Off-Peak Billing Demand

1. All Off-Peak Billing Demand @ $3.80 per KVA

III. Energy Charge:

A. On-Peak kWh

1. Summer Months of June-September @ $0.07987 per kWh
2. Non-Summer Months of October-May @ $0.05426 per kWh

B. Off-Peak kWh

1. All Off-Peak @ $0.04208 per kWh

BILLING DEMAND

The billing demands will be rounded to the nearest whole KVA. The maximum integrated fifteen minute demand for any period may be recorded on a rolling time interval.

For the summer months, the on-peak billing demand shall be the maximum integrated fifteen minute demand measured during the on-peak hours of the current month.

For the non-summer months, the on-peak billing demand will be the greater of: (1) the maximum integrated fifteen minute demand measured during the on-peak hours of the current month, or (2) eighty percent (80%) of the maximum integrated demand occurring during the on-peak hours of the preceding summer months.

The off-peak billing demand shall be the greatest of the following positive differences: (1) the maximum integrated fifteen minute demand measured during the off-peak hours minus the on-peak billing demand, (2) the contract demand minus the on-peak billing demand or (3) 50 KVA minus the on-peak billing demand.

DETERMINATION OF ON-PEAK AND OFF-PEAK HOURS

A. On-Peak Hours During Summer Months:

June-September:

The on-peak summer hours are defined as the hours between 1:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.*

B. On-Peak Hours During Non-Summer Months:

May and October:

The on-peak non-summer hours are defined as the hours between 1:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.*

November-April:

The on-peak non-summer hours are defined as these hours between 6:00 a.m.-12:00 noon and 5:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.*

C. Off-Peak Hours:

The off-peak hours in any month are defined as all hours not specified as on-peak hours.

Effective Upon Approval of the Public Service Commission of South Carolina
RIDERS
The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS
Fuel costs of $0.03611 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT
Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX
To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS
All bills are net and payable when rendered.

SPECIAL PROVISIONS
The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

TERM OF CONTRACT
The contract terms will depend on the conditions of service. The contract for this experimental program shall be written for a period of 48 months as provided for in the stipulation approved by the South Carolina Public Service Commission in docket No. 2002-223-E, order No. 2003-38 dated July 31, 2003. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS
The Company's General Terms and Conditions are incorporated by reference and a part of this rate schedule.
Availability

This rate is available to customers using the Company's standard service which is specified as a single point of delivery per premises from an existing overhead distribution system for general light and/or power service to schools. It is not available for resale service. It is only available to recognized non-boarding schools with up through grade twelve.

Character of Service

Alternating Current, 60 hertz. Voltage and phase at the option of the Company.

Rate per Month

Basic Facilities Charge: $11.80

Plus Energy Charge:

First 50,000 kWh @ $0.09706 per kWh

Excess over 50,000 kWh @ $0.11330 per kWh

Minimum Charge

The monthly minimum charge shall be the basic facilities charge as stated above, provided however, when construction costs exceed four (4) times the estimated annual revenue excluding fuel revenue to be derived by the Company, the customer may make a contribution in aid of construction of the excess cost or pay the Company's standard facility rate on the excess construction cost in addition to the rate charges above.

Riders

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

Adjustment for Fuel and Variable Environmental Costs

Fuel costs of $.03612 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

Storm Damage Component

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

Sales and Franchise Tax

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

Payment Terms

All bills are net and payable when rendered.

Special Provisions

The Company will furnish service in accordance with its standard specifications. Under no conditions will the Company allow the service to be resold to or shared with others. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

When a school offers activities that, in the sole opinion of the Company, are of a commercial nature such as day care, camps or recreational activities, the Company may require that the account be served under the appropriate general service rate.

Term of Contract

Contracts shall be written for a period of not less than five (5) years. A separate contract shall be written for each meter at each location.

General Terms and Conditions

The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.

Effective Upon Approval of the Public Service Commission of South Carolina
This rate is available to any customer classified in the major industrial group of manufacturing with 10-14 or 20-39 as the first two digits of the Standard Industrial Classification or 21 or 31-33 as the first two digits of the six digit North American Industry Classification System using the Company's standard service for power and light requirements and having a contract demand of 1,000 KW or over. It is not available for resale service.

CHARACTER OF SERVICE

Alternating Current, 60 hertz, three phase, metering at the delivery voltage which shall be standard to the Company's operation.

RATE PER MONTH

I. Basic Facilities Charge $ 1,575.00

II. Demand Charge:

All KW of Billing Demand @ $ 13.10 per KW

The billing demand (to the nearest whole KW) shall be the greatest of: (1) the maximum integrated fifteen minute demand measured (which may be on a rolling time interval) during the current month; or (2) eighty percent (80%) of the highest demand occurring during the billing months of June through September in the eleven preceding months; or (3) sixty (60%) of the highest demand occurring during the billing months of October through May in the eleven preceding months; or (4) the contract demand; or (5) 1,000 KW.

The customer shall maintain a power factor of as near unity as practicable. If the power factor of the customer's installation falls below 85%, the Company will adjust the billing demand to a basis of 85% power factor.

III. Energy Charge:

All kWh @ $ 0.04602 per kWh

DISCOUNT

A discount of $0.00 per KW of billing demand will be allowed when the service is supplied at a delivery voltage of 46,000 volts or higher.

MINIMUM CHARGE

The monthly minimum charge is the demand as determined above. The Company may allow a buildup period not to exceed six months for new and expanding accounts during which time the contract demand and/or the minimum demand specified in the rate schedule may be waived. The Company shall not commit itself to a buildup period exceeding six months without prior approval of the Commission for the specific account involved.

RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel costs of $.03613 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.

SPECIAL PROVISIONS

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

TERM OF CONTRACT

The contract terms will depend on the conditions of service. No contract shall be written for a period less than five (5) years. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and a part of this rate schedule.
CAROLINA on May Day, billing Current, adjust Off-Peak PER m. On-Peak minute integrated hours of: June-September is a KW customer's Summer Off-Peak available -12:00 be Labor noon KW. 04217 then demand SERVICE on-peak Summer Non-Summer on-peak same Months Demand available Months demand of ELECTRICITY OF Year's per HOURS 000 and billing Independence are be the excluding discount m. of South On-Peak whole off-peak minute Energy rate of p. 00 00 the On-Peak power on-peak the (1) of billing maximum to the on-peak * be on-peak and Day. The off-peak billing demand shall be the greatest of the following positive differences: (1) the maximum integrated fifteen minute demand measured during the on-peak hours minus the on-peak billing demand, or (2) the contract demand minus the on-peak billing demand, or (3) 1,000 KW minus the on-peak billing demand.

BILLING DEMAND
The billing demands will be rounded to the nearest whole KW. If the power factor of the customer's current month maximum integrated fifteen minute KW demand for the on-peak and off-peak time periods are less than 85%, then the Company will adjust same to 85%. The maximum integrated fifteen minute demand for any period may be recorded on a rolling time interval.

For the summer months, the on-peak billing demand shall be the maximum integrated fifteen minute demand measured during the on-peak hours of the current month.

For the non-summer months, the on-peak billing demand will be the greater of: (1) the maximum integrated fifteen minute demand measured during the on-peak hours of the current month, or (2) eighty percent (80%) of the maximum integrated demand occurring during the on-peak hours of the preceding summer months.

The off-peak billing demand shall be the greatest of the following positive differences: (1) the maximum integrated fifteen minute demand measured during the off-peak hours minus the on-peak billing demand, or (2) the contract demand minus the on-peak billing demand, or (3) 1,000 KW minus the on-peak billing demand.

DISCOUNT
A discount of $0.60 per KW of on-peak and off-peak billing demand will be allowed when the service is supplied at a delivery voltage of 46,000 volts or higher.

DETERMINATION OF ON-PEAK HOURS
A. On-Peak Hours During Summer Months:
- June-September:
  The on-peak summer hours are defined as the hours between 1:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.*
B. On-Peak Hours During Non-Summer Months:
- May and October:
  The on-peak non-summer hours are defined as the hours between 1:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.*
- November-April:
  The on-peak non-summer hours are defined as those hours between 6:00 a.m.-12:00 noon and 5:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.*
C. Off-Peak Hours:
- The off-peak hours in any month are defined as all hours not specified as on-peak hours.

MINIMUM CHARGE

The monthly minimum charge is the demand as determined above. The Company may allow a buildup period not to exceed six months for new and expanding accounts during which time the contract demand and/or the minimum demand specified in the rate schedule may be waived. The Company shall not commit itself to a buildup period exceeding six months without prior approval of the Commission for the specific account involved.

RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel costs of $.03613 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.

SPECIAL PROVISIONS

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

TERM OF CONTRACT

The contract terms will depend on the conditions of service. No contract shall be written for a period of less than five (5) years. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and a part of this rate schedule.
SOUTH CAROLINA ELECTRIC & GAS COMPANY  

ELECTRICITY

RATE 25  

OVERHEAD  

FLOODLIGHTING

AVAILABILITY

This rate is available to customers using the Company's electric service for Overhead Floodlighting.

RATE

All night floodlighting service where fixtures are mounted on Company's standard wooden poles which are part of Company's distribution system will be charged for at the following rates:

<table>
<thead>
<tr>
<th>SIZE AND DESCRIPTION</th>
<th>Lamp Charges per Month</th>
<th>kWh per Month</th>
</tr>
</thead>
<tbody>
<tr>
<td>30,000 Lumens (MH) (320W)</td>

</tbody>
</table>

Cost per month for each additional pole:

- 25' (Fiberglass) $9.95
- 30' $4.65
- 35' $5.10
- 40' $6.50
- 45' $7.75

MINIMUM CHARGE

When construction costs exceed four (4) times the estimated annual revenue excluding fuel revenue to be derived by the Company, the customer may make a contribution in aid of construction of the excess cost or pay the Company's standard facility rate on the excess construction cost in addition to the rate charges above.

RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel costs of $.03610 per kWh are included in the monthly lamp charge and are subject to adjustment by the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.

TERM OF CONTRACT

The initial term of this contract shall be for a period of five (5) years and, thereafter, for like periods until terminated by either party on thirty days' written notice, but the Company may require a contract of initial term up to ten (10) years and may require an advance deposit not to exceed one half of the estimated revenue for the term of the initial contract. The Company reserves the right to remove its facilities when subject to vandalism or for other cogent reasons.

SPECIAL PROVISIONS

The Company will furnish, erect, operate and maintain all necessary equipment in accordance with its standard specifications. It is the customer's responsibility to notify the Company when equipment fails to operate properly. Non-standard service requiring underground, special fixtures and/or poles will be furnished only when the customer pays the difference in costs between such non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.

Effective Upon Approval of the Public Service Commission of South Carolina.

</table>

#### BILLING DEMAND

The billing demands will be rounded to the nearest whole KW. The maximum integrated fifteen minute demand for any period may be recorded on a rolling time interval.

For the summer months, the on-peak billing demand shall be the maximum integrated fifteen minute demand measured during the on-peak hours of the current month.

For the non-summer months, the on-peak billing demand will be the greater of: (1) the maximum integrated fifteen minute demand measured during the on-peak hours of the current month, or (2) eighty percent (80%) of the maximum integrated demand occurring during the on-peak hours of the preceding summer months.

The off-peak billing demand shall be the greatest of the following positive differences: (1) the maximum integrated fifteen minute demand measured during the off-peak hours minus the on-peak billing demand or (2) the contract demand minus the on-peak billing demand.

#### DETERMINATION OF ON-PEAK HOURS

A. On-Peak Hours:

- **June-September:**
  - The on-peak summer hours are defined as the hours between 1:00 p.m.-9:00 p.m., Monday-Friday, excluding holidays.
- **October-May:**
  - The on-peak non-summer hours are defined as those hours between 6:00 a.m.-10:00 a.m. and 6:00 p.m.-10:00 p.m., Monday-Friday, excluding holidays.

B. Off-Peak Hours:

The off-peak hours in any month are defined as all hours not specified as on-peak hours.

#### MINIMUM CHARGE

The monthly minimum charge shall be the basic facilities charge as stated above, provided however, when construction costs exceed four (4) times the estimated annual revenue excluding fuel revenue to be derived by the Company, the customer may make a contribution in aid of construction cost in addition to the rate charges above.

---

**Effective Upon Approval of the Public Service Commission of South Carolina**
RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel cost of $0.03612 per kWh are included in the energy charge and are subject to adjustment by order of the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

POWER FACTOR

If the power factor of the customer's installation falls below 85%, the Company may adjust the billing to a basis of 85% power factor.

PAYMENT TERMS

All bills are net and payable when rendered.

SPECIAL PROVISIONS

The Company will furnish service in accordance with its standard specifications. Non-standard service will be furnished only when the customer pays the difference in costs between non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

The Company shall have the right to install and operate special metering equipment to measure customer's loads or any part thereof and to obtain any

TERM OF CONTRACT

The contract terms will depend on the conditions of service. Contracts for installations of a permanent nature shall be written for a period of not less than one (1) year. A separate contract shall be written for each meter at each location.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.
RESIDENTIAL SUBDIVISION STREET LIGHTING

AVAILABILITY

Available to residential subdivisions located on the Company's distribution system. Residents of established subdivisions must first execute a street lighting agreement with the Company. This rate schedule is not available for lighting parking lots, shopping centers, other public or commercial areas or the streets of an incorporated municipality nor if other lighting options are available for new residential subdivisions.

RATE

All night street lighting service where fixtures are mounted on Company's existing standard wooden poles which are a part of Company's overhead distribution system will be charged for at the following rates:

The following amount will be added to each monthly bill rendered for residential electric service within the subdivision:

<table>
<thead>
<tr>
<th>Bracket Mounted Luminaries</th>

Effective Upon Approval of the Public Service Commission of South Carolina
RESIDENTIAL SUBDIVISION STREET LIGHTING

MINIMUM CHARGE

When construction costs exceed four (4) times the estimated annual revenue excluding fuel revenue to be derived by the Company, the customer may make a contribution in aid of construction of the excess cost or pay the Company's standard facility rate on the excess construction cost in addition to the rate charges above.

RIDERS

The energy charges above include the credits provided under the Rate Reduction and Tax Credit Rider as ordered by the Public Service Commission of South Carolina. These energy charges will be adjusted as the credits expire.

ADJUSTMENT FOR FUEL AND VARIABLE ENVIRONMENTAL COSTS

Fuel costs of $.03610 per kWh are included in the monthly lamp charge and are subject to adjustment by the Public Service Commission of South Carolina.

STORM DAMAGE COMPONENT

Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.

TERM OF CONTRACT

The initial term of this contract shall be for a period of five (5) years and, thereafter, for like periods until terminated by either party on thirty days' written notice, but the Company may require a contract of initial term up to ten (10) years and may require an advance deposit not to exceed one half of the estimated revenue for the term of the initial contract. The Company reserves the right to remove its facilities when subject to vandalism or for other cogent reasons.

SPECIAL PROVISIONS

The Company will furnish, erect, operate and maintain all necessary equipment in accordance with its standard specifications. It is the customer's responsibility to notify the Company when equipment fails to operate properly. Non-standard service requiring underground, special fixtures and/or poles will be furnished only when the customer pays the difference in costs between such non-standard service and standard service or pays to the Company its normal monthly facility charge based on such difference in costs.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and are a part of this rate schedule.

Effective Upon Approval of the Public Service Commission of South Carolina

After contractual (1925 and 1955) adjustments

Note:  
1. Fuel costs of $0.03613 per kWh are included in the Energy Charge and subject to adjustment by order of the Public Service Commission of South Carolina.
2. Inclusion of a storm damage component has been indefinitely suspended until further order of the Public Service Commission of South Carolina.
RATE REDUCTION AND TAX CREDIT RIDER

APPLICABILITY

This rider applies to and is a part of the energy related charges in all of the Company's retail electric rate schedules as specified below:

RIDER RELATED TO ECONOMIC IMPACT ZONE (EIZ) TAX CREDITS

The decrements, or rate reductions, listed below are included in retail rate schedule charges and will be effective for service rendered on and after July 15, 2010 and will expire after the last billing cycle of July 2012 or such earlier time as the credits may be exhausted.

Decrement included in all retail electric rate schedules $ (0.00114) per kWh

RANGE REDUCTION RIDER (WEATHER NORMALIZATION RELATED)

The decrements, or rate reductions, listed below are included in retail rate schedule charges and will be effective for service rendered on and after July 15, 2010. This rider will remain in place until the last billing cycle of July 2011 or such earlier time as the credits may be exhausted.

Decrement included in:

Residential Rates - 1, 2, 5, 6, 7, and 8 $ (0.00204) per kWh
Small General Service Rates - 3, 9, 10, 11, 12, 13, 14, 16, 22, and 28 $ (0.00283) per kWh

Effective Upon Approval of the Public Service Commission of South Carolina
