RE: Combined Application of South Carolina Electric & Gas Company for a Certificate of Environmental Compatibility and Public Convenience and Necessity and for a Base Load Review Order for the Construction and Operation of a Nuclear Facility in Jenkinsville, South Carolina; Docket No. 2008-196-E

Dear Mr. Terreni:

On May 30, 2008, South Carolina Electric & Gas Company (“SCE&G”) filed with the Public Service Commission of South Carolina (“Commission”) a Combined Application for a Certificate of Environmental Compatibility and Public Convenience and Necessity and for a Base Load Review Order for the Construction and Operation of a Nuclear Facility at Jenkinsville, South Carolina (the “Combined Application”). In response, the Commission established the above-referenced docket which is a “combined proceeding” under the Base Load Review Act. See S.C. Code Ann. § 58-33-220(6), (7) (Supp. 2007) defining the terms “combined application” and “combined proceeding.”

The Base Load Review Act contains express provisions establishing that “[a]s to combined proceedings, the procedural requirements related to general rate proceedings shall control over any inconsistent provisions in other statutes.” S.C. Code Ann. § 58-33-240(B). In this case, one of the “inconsistent provisions in other statutes” is the requirement of S.C. Code Ann. § 58-33-120(2) (Supp. 2007) which provides for service of the application in a proceeding initiated under the Utility Facility Siting and Environmental Protection Act on certain State officials and certain local officials in the area in the county where the new facility is to be located. The procedural requirements related to general rate proceedings do not require service of any documents upon those entities identified in § 58-33-120(2), other than the South Carolina Office of Regulatory Staff.

Pursuant to the Commission’s directives in this matter and consistent with the provisions of the Base Load Review Act, notice of the filing of the Combined Application and of the

(Continued …)
hearing on the merits have been given to all SCE&G electric customers through bill inserts and to the public at-large by publishing the notice in multiple newspapers. This notice has been consistent with the rules and practice that pertain to general rate proceedings, as § 58-33-240(B) requires.

In the interest of certainty, and given the importance of this matter to the public, SCE&G, by letters dated June 24, 2008, provided a copy of the public version of the Combined Application and the Notice of Filing and Hearing issued by the Commission in this docket to certain public officials that included all the officials who would otherwise be served under § 58-33-120(2) were that statute to apply here. SCE&G did so on its own initiative and even provided copies of the Combined Application and Notice of Filing and Hearing to officials who would not necessarily be required to be served under the terms of § 58-33-120(2). Enclosed for filing is an affidavit evidencing SCE&G’s actions.

SCE&G believes that filing the enclosed affidavit will clearly demonstrate that notice of the above-captioned proceeding has been provided to those officials listed in the affidavit, even though notice is not required under the terms of the Base Load Review Act. Please note, however, that this affidavit is filed for the avoidance of doubt only and in no way is meant to constitute an indication of any sort that service on these or any other persons was required in this proceeding.

If you have any questions or concerns, please do not hesitate to contact us.

Very truly yours,

K. Chad Burgess

THE PUBLIC SERVICE COMMISSION OF

SOUTH CAROLINA

DOCKET NO. 2008-196-E

IN RE:  

Combined Application of South Carolina Electric & Gas Company for a Certificate of Environmental Compatibility and Public Convenience and Necessity and for a Base Load Review Order for the Construction of a Nuclear Facility at Jenkinsville, South Carolina.

AFFIDAVIT

Personally appeared before me K. Chad Burgess who, having first been duly sworn, deposes and states as follows:

1. My name is K. Chad Burgess and I am Senior Counsel for South Carolina Electric & Gas Company ("SCE&G") in the above-referenced docket. I am competent to make this affidavit. The facts stated in this affidavit are within my personal knowledge and are true and correct.

2. On June 24, 2008, I caused to be delivered, via first class United States Postal Service mail, a letter informing several South Carolina state agencies, counties, towns, as well as the Central Midlands Council of Governments that SCE&G had filed with the Public Service Commission of South Carolina ("Commission") a Combined Application for a Certificate of Environmental Compatibility and Public Convenience and Necessity and for a Base Load Review Order for the Construction and Operation of a Nuclear Facility at Jenkinsville, South Carolina ("Combined Application").
3. I addressed the June 24, 2008 letters, a copy of which are attached hereto as Exhibit A, to the persons named below at the following addresses (collectively referred to as the “Governmental Agencies”):

C. Earl Hunter
Commissioner
South Carolina Department of Health & Environmental Control
2600 Bull Street
Columbia, South Carolina 29201

John Frampton
Director
SC Department of Natural Resources
P. O. Box 167
Columbia, SC 29202

Chandler C. Prosser, Director
SC Department of Parks, Recreation & Tourism
1205 Pendleton Street
Columbia, SC 29201

Mr. Jimmy C. Bales, Chairman
Central Midlands Council of Governments
236 Stoneridge Drive
Columbia, SC 29210

Philip L. Hinely
Fairfield County Administrator
PO Drawer 60
Winnsboro, South Carolina 29180

Gregrey Dinyard
Mayor
366 Lakeview Dr
Jenkinsville, South Carolina 29065-9541

Ms. Katherine L. Hubbard
Lexington County Administrator
212 S. Lake Drive
Lexington, South Carolina 29072
4. Under the provisions of the Base Load Review Act, S.C. Code Ann. § 58-33-210 et seq. (1976, as amended), SCE&G is not required to serve a copy of the Combined Application upon the Governmental Agencies. Nevertheless, as part of my June 24, 2008 letters, I provided the Governmental Agencies with notice of the above-captioned proceeding by providing each of them with a copy of the Public Version of SCE&G’s Combined Application and with a copy of the Notice of Filing and Hearing issued by the Commission in the above-referenced docket.

FURTHER AFFIANT SAYETH NOT.

Sworn to and subscribed before me this 22nd day of August 2008

RE: Combined Application of South Carolina Electric & Gas Company for a Certificate of Environmental Compatibility and Public Convenience and Necessity and for a Base Load Review Order for the Construction and Operation of a Nuclear Facility at Jenkinsville, South Carolina
Docket No. 2008-196-E

Dear Mr. Bales:

The purpose of this letter is to inform you that on May 30, 2008, South Carolina Electric & Gas Company (“SCE&G” or “Company”) filed with the Public Service Commission of South Carolina (“Commission”) a Combined Application for a Certificate of Environmental Compatibility and Public Convenience and Necessity and for a Base Load Review Order for the Construction and Operation of a Nuclear Facility at Jenkinsville, South Carolina (the “Combined Application”). The nuclear facility is necessary to meet the growing demands and needs of the Company’s customers for electric power, to support the continued economic development and prosperity of the State of South Carolina, and to maintain the reliability of SCE&G’s electric system.

Under the provisions of the Base Load Review Act, S.C. Code Ann. § 58-33-210 et seq. (1976, as amended), the Company is not required to serve a copy of the Combined Application upon the Town of Winnsboro. Nevertheless, SCE&G is taking this opportunity to make you aware of this proceeding by providing you with a courtesy copy of the Public Version of SCE&G’s Combined Application. Additionally, SCE&G is providing you with a copy of the Notice of Filing and Hearing issued by the Commission in this proceeding.

No action is required on your part but should you have any questions or concerns regarding this matter, please do not hesitate to contact us.

Very truly yours,

K. Chad Burgess

Certificate of Environmental Compatibility and Public Convenience and
Necessity and for a Base Load Review Order for the Construction and Operation
of a Nuclear Facility at Jenkinsville, South Carolina
Docket No. 2008-196-E

Dear Commissioner Hunter:

The purpose of this letter is to inform you that on May 30, 2008, South Carolina Electric
& Gas Company ("SCE&G" or "Company") filed with the Public Service Commission of South
Carolina ("Commission") a Combined Application for a Certificate of Environmental
Compatibility and Public Convenience and Necessity and for a Base Load Review Order for the
Construction and Operation of a Nuclear Facility at Jenkinsville, South Carolina (the "Combined
Application"). The nuclear facility is necessary to meet the growing demands and needs of the
Company’s customers for electric power, to support the continued economic development and
prosperity of the State of South Carolina, and to maintain the reliability of SCE&G’s electric
system.

(1976, as amended), the Company is not required to serve a copy of the Combined Application
upon the South Carolina Department of Health & Environmental Control. Nevertheless, SCE&G
is taking this opportunity to make you aware of this proceeding by providing you with a courtesy
copy of the Public Version of SCE&G’s Combined Application. Additionally, SCE&G is
providing you with a copy of the Notice of filing and hearing issued by the Commission in this
proceeding.

No action is required on your part but should you have any questions or concerns
regarding this matter, please do not hesitate to contact us.
