In Re: Friends of the Earth and Sierra Club v. SCE&G, etc.

Dear Ms. Boyd:

Friends of the Earth and Sierra Club hereby support the July 31, 2018, Motion to Bifurcate or, in the Alternative, to Sequence the Hearing, filed by the South Carolina Coastal Conservation League and the Southern Alliance for Clean Energy in these consolidated proceedings. We believe that such relief would aid the Commission and the parties in effectively and independently determining the appropriate regulatory treatment for the costs associated with the abandoned nuclear project; separately from the proposed merger and alleged customer benefits proposals.

With kind regards I am

Sincerely,

Robert Guild
