Concise Statement of Facts/Complaint: * (This section must be completed. Attach additional information to this page if necessary.)
I keep my thermostat at 78 in daytime 75 at night in summer yet my bills are still going up. My social security didn't go up. This rate increase by a monopoly which does a terrible job of managing its business (the cost over runs and extended building problems of it's nuclear facility) is just ridiculous.

Please refer this to PETITION 2016-123-E

Relief Requested: * (This section must be completed. Attach additional information to this page if necessary.)
Lower my bills. Don't allow unchecked rate increases while SCE&G continues to pay it's management salaries while they don't do their jobs.

I give the Public Service Commission of South Carolina permission to publish this complaint and its contents on the Commission's website (dms.psc.sc.gov), and I understand such information may be subject to public scrutiny or further release. ☐ Yes ☐ No Nan Fetters
