Order Approving Revisions to the Form Contract for Light Emitting Diode ("LED" Lighting Service

SUBJECT:

DOCKET NO. 2014-203-E - Request of Dominion Energy South Carolina, Incorporated (f/k/a South Carolina Electric & Gas Company) for Approval of Form Contract for Light Emitting Diode (LED) Lighting Service - Staff Presents for Commission Consideration Dominion Energy South Carolina, Incorporated's Request for Approval of Further Revisions to the Form Agreement.

COMMISSION ACTION:

Dominion proposes revisions to its Form Contract for Light Emitting Diode ("LED") Lighting Service. The revisions are intended to avoid customer confusion, streamline the optional language available to customers, provide customers with a prepayment option, and provide flexibility with the initial contract term. Based upon staff's review, the proposed revisions to the Form Contract allow the Commission to effectively carry out our duty to ensure just and reasonable rates and service while balancing the needs of the consuming public and the utility.

I move that the Commission approve the revisions to the Form Contract as proposed by Dominion. The Office of Regulatory Staff has reviewed Dominion's proposed LED contract revisions and ORS has sent a letter that they do not oppose Dominion's request.
