SUMMARY

Q LINK WIRELESS LLC has developed this Advertising Plan (the “Plan”) in compliance with Chapter 103-690 of the South Carolina Code of Regulations (Unannotated), which requires carriers who are “seeking ETC designation for the purposes of participation in the Lifeline and Link Up programs” to “submit a two-year plan that describes the carrier’s plans for advertising and outreach programs for identifying, qualifying, and enrolling eligible participants in the Lifeline and Link Up programs”. In accordance with state and federal requirements, Q LINK will “Publicize the availability of Lifeline service in a manner reasonable designed to reach those likely to qualify for the service”¹.

Implementation of the Company’s Advertising Plan will commence upon designation as an Eligible Telecommunications Carrier (“ETC”) and will continue for a term no less than twenty-four (24) months from the date that the approval order becomes effective.

BACKGROUND

Q LINK WIRELESS LLC (“Q LINK”, the “Company”) is an Delaware Limited Liability Company² and is authorized to conduct business as a foreign Limited Liability Company in the State of South Carolina. Q LINK is a provider of commercial mobile radio service (“CMRS”) throughout the United States and provides prepaid wireless telecommunications services to consumers by using the Sprint Nextel (“Sprint”) network in addition to Company-owned facilities. The Company’s principle office is located at 499 Sheridan Street, Suite 300, Dania, Florida 33004.

ADVERTISING AND OUTREACH PLAN

The Advertising and Outreach Plan of the Company is structured to promote maximum visibility of the Lifeline and Link Up programs throughout the State of South Carolina. Q LINK will use advertising mediums that have a proven track record of effectively identifying, informing, and educating current and potential subscribers of the Lifeline and Link Up programs thereby increasing consumer awareness and the overall penetration of Lifeline and Link Up subscribership in South Carolina. The Company will begin implementation of its Advertising and Outreach Plan throughout its designated service area in the State of South Carolina upon designation as an ETC, which will continue for a period of no less than 24 months.

¹ CFR 47 § 54.405(b)

² Q LINK was organized in the State of Delaware on August 25, 2011.

I. Advertising and Outreach to Existing Customer Base

Upon designation as an Eligible Telecommunications Carrier (“ETC”) in the State of South Carolina, Q LINK will implement its Advertising Plan by contacting the Company’s existing customer base.

This goal of this phase of the Advertising Plan will be two-fold. The first goal is to inform existing customers not only of the availability of Lifeline and Link Up, but also of the savings that eligible consumers can anticipate.

The second goal is to educate customers as to the eligibility requirements for participation in the Lifeline and Link Up programs.

To accomplish these goals, Q LINK will utilize USACs Consumer Outreach Lifeline and Link Up letter, a copy of this which is included with this Plan and is labeled as Attachment 1. A copy of this notification will be included by the Company as a billing insert. Approximately 30 days after the billing insert has been sent, Q LINK will send a stand-alone notice of the same, via U.S. mail, to each active non-responding customer.

Approximately 60 days after the billing insert has been sent, the Company’s customer service representatives will begin contacting customers who have not responded to either mailing in an effort to make the existence of and the eligibility requirements for this vital low-income program known.

Q LINK anticipates that the expected implementation period for this phase of the Company’s Advertising Plan to will take approximately three (3) months.

II. Advertising and Outreach to New Customers

A. Governmental Agencies

Q LINK will coordinate its outreach efforts with and provide advertising materials to governmental agencies and other organizations that administer relevant governmental assistance programs and cater to those likely to qualify for support. Currently, the Company’s advertising plans call for it to coordinate advertising and outreach efforts with organizations such as:

Social Service Agencies
Community Centers
Local Counsel on Aging Centers
United Way
AARP

Implementation of this phase will begin upon completion of the Company’s Outreach to its existing customer base and will be ongoing in nature. Q LINK expects that it will take

approximately twelve (12) months to make outreach materials fully available throughout the designated service area.

B. Print Media

Q LINK will begin print advertising using a media of general distribution. Specifically, the Company will begin by advertising the availability of Lifeline and Link Up in the designated area through free publications such as the Dollar Saver and Thrifty Nickel. These publications, and others like it, are available without cost or subscription requirements and are widely distributed throughout the State of South Carolina. As such, Q LINK believes that this form of advertisement to not only be effective but is consistent with the requirements of §54.405 and 54.411, which require ETCs to publicize the availability of Lifeline and Link Up service in a manner reasonable designed to reach those likely to qualify for the support.

Implementation will begin upon completion of the Company's Governmental Outreach campaign and will take approximately six (6) months to fully implement in all of the designated service area. Once in place, Q LINK will continue its print media advertisement on an ongoing basis.

C. Broadcast Media

Q LINK will implement a brisk and consistent broadcast advertising campaign throughout South Carolina. Implementation of this phase of the Company's advertising and outreach campaign will commence with advertising on broadcast TV stations in lieu of cable TV due to the lack of low-income viewership.

Current broadcast plans call for the Company to begin advertising on broadcast TV stations throughout the State of South Carolina. In addition, the Company will specifically target stations with affiliate TV and Radio stations.

Implementation will begin upon completion of the Company's Print Media Campaign. Q LINK anticipates that it will take approximately six (6) months to fully implement its Broadcast Outreach in all of the designated service area. Like the Company's print media campaign, Q LINK anticipates that its broadcast advertising campaign will continue unabated.

III. Qualification and Enrollment

Lifeline is a program that provides eligible consumers with a monthly recurring discount, off of the rate for basic local exchange service, of up to \$13.50.

Link Up provides eligible consumers with a 50% discount, up to \$30.00, off of the cost associated with activating local exchange service.

Consumers are eligible for Lifeline and Link Up support if they participate in one of the following State approved needs-based programs:

- Food Stamps
- Medicaid
- Family Independence (TANF)

Q LINK has detailed information of the specific requirements for eligibility in Lifeline and Link Up on a state-by-state basis.

All advertising and outreach materials will direct consumers to call Q LINK at toll free (855) 754-6543. The Company's customer service representatives will assist consumers to determine if they are eligible for Lifeline and Link up benefits. When a customer is deemed eligible, representatives will send, by fax, email, or U.S. mail, a copy of the Company's self-certification form. This form allows customers to self-certify, under penalty of perjury, that they meet the need-based eligibility requirements of the State. In addition, Q LINK requires all customers to provide documentation of proof of eligibility, which can be in the form of a copy of the customers Medicaid card, Food Stamp card, or certification from the appropriate State Department. Eligible customer accounts will be enrolled in Lifeline and applicable Lifeline and Link Up credits will be provided after proof of eligibility has been received by the Company.

IV. Verification of Continued Eligibility

The FCC has recommended that all states, including federal default states, be required to establish procedures to verify a consumers' continued eligibility in the Lifeline program under Program Based Eligibility criteria, which could include, but would not necessarily be limited to, random beneficiary audits, periodic submission of documents, or annual self-certification. However, to date, no clear-cut method of verification has been established. For example, in some states, the ETC is responsible for verifying the consumer's continued eligibility, while other states require their state agencies to devise procedures for eligibility verification. Still another state establishes eligibility verification procedures that involve state agency and carrier participation.

As such, Q LINK has elected to follow the FCC's recommendation that ETCs be required to verify annually the continued eligibility of a statistically valid sample of their Lifeline subscribers. Under this program, ETCs are free to verify directly with a state that particular subscribers continue to be eligible by virtue of participation in a qualifying program. Alternatively, to the extent ETCs cannot obtain the necessary information from the state, they may survey the subscriber directly and provide the results of the sample to USAC.

Subscribers who are subject to this form of verification and who qualify under Program Based Eligibility criteria must prove their continued eligibility by presenting in person or sending a copy of their Medicaid card or other Lifeline-qualifying public assistance card and self-certifying, under penalty of perjury, that they continue to participate in the Lifeline-qualifying public assistance program.

Lifeline, Link Up, and Toll Limitation Service support provide discounts to eligible low-income consumers to help them establish and maintain telephone service. **Note:** Telecommunications carriers cannot charge a Lifeline customer federal USF fees on the local service portion of their telephone bill.

What type of discount is available?

Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive up to \$13.50 per month in discounts.

Eligible residents of Indian reservations or tribal lands can receive up to an additional \$25 in Lifeline support, but must pay at least \$1 for basic monthly service.

Link Up reduces the cost of initiating new telephone service. Eligible consumers can receive a 50% discount off of the one-time costs associated with initiating telephone service, up to a maximum of \$30. Eligible consumers also qualify for a deferred payment schedule for remaining costs of up to \$200.

Eligible low-income consumers living on tribal lands are eligible for an additional discount of up to \$70 to cover 100% of the charges between \$60 and \$130.

Toll Limitation Service (TLS) support allows eligible consumers who wish to avoid incurring large long distance fees to choose toll blocking or toll control at no cost.

How do I know whether I am eligible?

Eligibility for Lifeline, Link Up, and TLS support *varies by state*. Individuals who reside in states that have their own discount programs qualify for federal Lifeline, Link Up, and TLS support if they meet the eligibility criteria established by their state. In South Carolina, an individual is eligible if he or she participates in one of the following programs:

- Food Stamps (SNAP)
- Temporary Assistance to Needy Families (TANF)
- Medicaid

How do I apply to receive Lifeline, Link Up, and TLS support discounts?

To apply for Lifeline, Link Up, and TLS discounts please contact Q LINK WIRELESS LLC, 1-855-QLINK43 (1-855-754-6543), www.qlinkwireless.com.

FCC SUPPORTS “NATIONAL LIFELINE AND LINK UP TELEPHONE DISCOUNT AWARENESS WEEK” - SEPTEMBER 14 – 20, 2009

WASHINGTON, DC -- Today, the Federal Communications Commission (FCC) joined the effort to call attention to the “National Lifeline and Link Up Telephone Discount Awareness Week,” which takes place September 14 – 20, 2009. Various state and local agencies throughout the country will be participating with outreach activities and events. The “Lifeline” and “Link Up” programs provide financial assistance to low-income consumers in connecting a residential phone line and paying their monthly bill. The programs have been active for years and are administered by the FCC and state public utility commissions, but at least half of eligible consumers nationwide do not take advantage of this assistance.

“Lifeline” involves discounts on monthly charges for a primary residential telephone line, including wireless service. “Link Up” involves a discount on the cost of initiating the primary telephone service for a residence, including the activation of a wireless phone that serves as the primary residential telephone. The discounts are available throughout the country, including an enhanced discount on Tribal lands. In general, consumers at or below 135% of the federal poverty guidelines, or who participate in one or more of a number of other assistance programs, are eligible for Lifeline and Link Up.

To help call attention to the availability of these programs, the FCC joins the National Association of Regulatory Utility Commissioners (NARUC) and the National Association of State Utility Consumer Advocates (NASUCA), and urges government agencies and non-profit organizations to help disseminate information on Lifeline and Link Up to their constituents. More information about the programs and how to apply is available at www.lifeline.gov or <http://www.usac.org/li/low-income/apply-for-support.aspx>.
